

Sec. 16-11-16. Calorimeter equipment

The gas company shall maintain or have access to a standard type calorimeter in an adequate testing station located as specified in section 16-11-13. The gas company may use a standard recording calorimeter which shall be maintained in proper working order and shall be checked periodically with a standard calorimeter or against a standard gas. Both calorimeter and method of testing shall be subject to inspection and approval by the commission.
