Sec. 10-8a-6. State board of education action

(a) When a facility meets the exemption criteria, the State Board of Education shall issue a Certificate of Exemption stating the duration of that exemption. Such status shall permit a facility to be exempt from the requirements of Sections 17-48 and 17-51 of the General Statutes for the stated period of time. Upon receipt of a Certificate of Exemption, the facility shall display clearly the certificate in location visible to students and the public. The certificate shall be non-transferable.

(b) When a facility has failed to meet the exemption criteria but such failure is not due to a serious deficiency, the State Board of Education may issue a Certificate of Conditional Exemption. Such status permits a facility to be exempt from the requirements of Sections 17-48 and 17-51 of the General Statutes for a specified period of time within which the noted deficiency or deficiencies shall be corrected. Within thirty days of the issuance of a Certificate of Conditional Exemption, a corrective plan shall be developed by the facility and submitted to the Commissioner. If approved by the Commissioner a timetable shall be
established for implementing the corrective plan, a date set on which an on-site evaluation shall occur, and a date set by which time the application for a Certificate of Exemption shall be considered. In no case shall a Certificate of Conditional Exemption extend beyond six months.

(c) When a facility has failed to meet the exemption criteria and such failure is due to a serious deficiency or deficiencies, the State Board of Education shall deny the application for a Certificate of Exemption. Upon denial said facility shall not be exempt from the requirements of Sections 17-48 and 17-51 of the General Statutes.

(d) In the event of denial or conditional exemption, written notice shall be forwarded to the facility within ten days and shall include the reasons therefor. Said facility may request in writing a hearing by the State Board of Education pursuant to Chapter 54 of the General Statutes.

(Effective September 1, 1982)

The procedures and evaluation criteria applicable to initial exemption shall be applicable to renewal of exemption except that the requirement of an on-site evaluation is optional at the discretion of the Commissioner but shall occur not less than once every five years.

(b) In order to maintain exemption from the requirements of Sections 17-48 and 17-51 of the General Statutes, an educational institution which has been exempt for at least three consecutive years shall make application for renewal of exemption for an additional period of up to five years to the State Board of Education, in such manner as it shall prescribe, at least ninety days prior to the date of termination of the most recent Certificate of Exemption. The procedures and evaluation criteria applicable to initial exemption shall be applicable to renewal of exemption except that the requirement of an on-site evaluation is optional at the discretion of the Commissioner but shall occur not less than once every five years.

(Effective September 1, 1982)

Sec. 10-8a-8. Revocation and emergency action

(a) The Commissioner may serve written notice upon an institution exempt from the requirements of Sections 17-48 and 17-51 of the General Statutes indicating that revocation of a Certificate of Exemption or a Certificate of Conditional Exemption is under consideration if the institution:

(1) is alleged to have failed to comply with applicable local and state laws, ordinances, rules and regulations relating to health, safety, sanitation, fire, zoning and building;

(2) is alleged knowingly to have furnished or made any false or misleading statements
§10-8a-8

(2) applies to the Commissioner in order to obtain or retain a Certificate of Exemption or a Certificate of Conditional Exemption;

(3) is alleged to have failed or refused to admit the Commissioner of the Department of Children and Youth Services or his designee at any time to investigate a case or cases of suspected child abuse.

(b) Upon receipt of such notice an institution exempt from the requirements of Sections 17-48 and 17-51 of the General Statutes may file within five days a written request for administrative review by the Commissioner. The Commissioner shall hold the administrative review and render a decision concerning revocation within ten days of receipt of such request. Notice of the decision shall be sent in writing to the educational institution setting forth the reasons therefor and the right to appeal the decision to the State Board of Education. An educational institution aggrieved by the decision of the Commissioner may appeal, in writing, to the State Board of Education within five days following completion of an administrative review setting forth the reasons therefor. The State Board of Education shall hold a hearing to be conducted pursuant to Chapter 54 of the General Statutes within thirty days following receipt of such appeal.

(c) If the Commissioner finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in his/her order, summary suspension of exemption or conditional exemption may be ordered, pursuant to Section 4-182 of the General Statutes, pending proceedings for revocation or other action. Such proceeding shall be promptly instituted and determined, pursuant to Chapter 54 of the General Statutes.
