Operations and Maintenance of Commercial Kennels

Sec. 22-344-1. Condition of facilities

The facilities for housing dogs shall be structurally sound and shall be maintained in good repair to prevent injury to the dogs, to contain the dogs and to restrict the entrance of other animals.

(Effective January 6, 1970)

Sec. 22-344-2. Floors. Walls. Ceilings

Kennel floors and removable rest boards, if provided, shall be constructed of non-toxic, easily cleaned, water impervious materials. Walls and ceilings shall be painted and kept clean.

(Effective January 6, 1970)

Sec. 22-344-3. Runs. Inside pens

Inside or outside runs shall be provided and shall be not less than thirty-six inches wide for a dog weighing not more than forty-five pounds, forty-eight inches wide for a dog weighing more than forty-five pounds. The minimum length of runs shall be ten feet. Inside pens shall be of the following sizes: For dogs weighing not more than twenty-five pounds, five square feet per dog, for dogs weighing more than twenty-five pounds but not more than forty-five pounds, nine square feet per dog, and for dogs weighing over forty-five pounds, sixteen square feet per dog.

(Effective January 6, 1970)

Sec. 22-344-4. Lighting. Sunlight

Lighting by either natural or artificial means shall provide a minimum of thirty candle power for at least eight hours per day except where contraindicated for health reasons. A means to control the amount of sunlight entering dog quarters during the warm seasons of the year shall be provided.

(Effective January 6, 1970)

Sec. 22-344-5. Water facilities

Hot and cold water facilities shall be provided.

(Effective January 6, 1970)

Sec. 22-344-6. Ventilation

The kennel space shall be ventilated in such a manner as will provide fresh air at all times.

(Effective January 6, 1970)

Sec. 22-344-7. Kennel temperature

The kennel temperature shall be maintained at a reasonable and suitable level to promote

Regulations of Connecticut State Agencies

TITLE 22. Agriculture. Domestic Animals

§22-344-8

Department of Agriculture

the health and comfort of the type of dog or dogs housed.

(Effective January 6, 1970)

Sec. 22-344-8. Sanitation

Environmental sanitation shall be adequate to keep vermin at a minimum.

(Effective January 6, 1970)

Sec. 22-344-9. Removal and disposal of excreta

Feces and other excreta shall be removed at least once daily and the runs washed down with hot water and disinfectant cleaner. Excreta shall be disposed of in a sanitary manner.

(Effective January 6, 1970)

Sec. 22-344-10. Segregation of dogs

Adult dogs shall be segregated for health, welfare or breeding reasons, and any vicious animal shall be removed and caged separately.

(Effective January 6, 1970)

Sec. 22-344-11. Isolation facilities

Facilities for isolating dogs under quarantine or treatment for communicable diseases shall be in a room or area that is separated from other dog-holding facilities.

(Effective January 6, 1970)

Sec. 22-344-12. Segregation of puppy litters

Puppy litters shall be maintained segregated from other litters.

(Effective January 6, 1970)

Sec. 22-344-13. Cages

Dogs confined in cages shall be caged individually except where otherwise indicated for health or welfare reasons. Each cage shall be large enough for the dog or dogs housed therein to turn about freely, to stand erect and to lie down in a natural position.

(Effective January 6, 1970)

Sec. 22-344-14. Shelter from inclement weather

All dogs shall be provided access to shelter which will protect them against inclement weather, preserve the dogs' body heat and keep them dry. The shelter shall be kept clean and in a sanitary condition.

(Effective January 6, 1970)

Sec. 22-344-15. Water and food supplies

Dogs shall be provided with clean and fresh water and sufficient and wholesome food,

food and water containers shall be kept clean and sanitized.

(Effective January 6, 1970)

Dog Training Facilities

Sec. 22-344-15a. Facility for housing dogs for training

The facility for housing dogs for training shall be subject to the established regulations set forth for commercial kennels, section 22-344-1 through section 22-344-15, and further the training facility shall be separate from a home or living quarters, and shall conform to zoning regulations of the municipality wherein such training facility is being maintained.

(Effective August 1, 1983)

Sec. 22-344-15b. Posting for public safety

For reasons of public safety the building and area in which a guard or attack dog is trained must be posted with bilingual (English and Spanish) or visual guard dog signs at least eight inches by twelve inches, that shall not be more than 200 feet apart, and shall be at all property corners and at every entrance into the area.

(Effective August 1, 1983)

Sec. 22-344-15c. Outside training facilities

If guard or attack dogs are trained outside the building, the area must be enclosed by at least a six foot chain link fence.

(Effective August 1, 1983)

Sec. 22-344-15d. Gates and entrances to a facility

All gates and entrances to a facility where guard or attack dogs are housed, used or trained must be kept locked when not in use.

(Effective August 1, 1983)

Sec. 22-344-15e. Control of noise

In order to control noise, a sight barrier shall be installed in such a manner as to break the dog's line of sight.

(Effective August 1, 1983)

Sec. 22-344-15f. Prohibited training procedures

Any type of training that would detrimentally affect the dog's health, safety or welfare, or the welfare of the public is prohibited. The following procedures are specifically forbidden:

- (1) Use of electric or battery devices (collar, prods, etc.).
- (2) Kicking, beating, hanging or any other kind of physical abuse.

Repealed April 26, 1989.

Sec. 22-344-20—22-344-21. Repealed

Repealed December 4, 1973.

Sec. 22-344-22—22-344-24. Repealed

Repealed April 26, 1989.

Sec. 22-344-25. Repealed

Repealed December 4, 1973.

Sec. 22-344-25a—22-344-25b. Repealed

Repealed April 26, 1989.

Pet Shops

Sec. 22-344-16a. Structural standards

The facilities for housing animals shall be structurally sound and shall be maintained in good repair to prevent injury to the animals. All buildings, premises and containers used to transport animals shall be maintained in a sanitary manner. Equipment shall be available for the proper storage or disposal of waste material to control vermin, insects and obnoxious odors. Pet shops shall take effective measures to control and prevent the infestation of animals and premises with external parasites and vermin. The burning of any excreta, bedding or debris on the premises is prohibited.

(Effective April 26, 1989)

Sec. 22-344-17a. Enclosures

(a) Enclosures for all animals shall be suited to the species of animals, structurally sound and maintained in good repair to protect animals from injury and escape. Enclosures shall be constructed and maintained so as to enable the animals to remain clean and dry when appropriate for the species. All animals shall be kept in proper enclosures except when cleaning said enclosures. Birds acclimated to open perches shall be exempt from the enclosure requirement.

(b) Walls and floors of enclosures shall be constructed of nonabsorbent, nonporous materials impervious to moisture. If wire or grid flooring is used it must be made of galvanized, stainless steel, or plastic coated wire and be of adequate gauge to support the animal(s) without sagging and to prevent the animals' feet from passing through the

Regulations of Connecticut State Agencies

TITLE 22. Agriculture. Domestic Animals

Department of Agriculture

§22-344-20a

openings. Enclosures in current use shall be cleaned and disinfected daily or more if necessary to maintain a sanitary condition.

(c) Enclosures shall be designed and constructed as to provide adequate physical comfort to the animals. Each animal must be provided with sufficient space to turn about freely and easily stand, sit or lie in a comfortable natural position. Animals that are group housed must be maintained in compatible groups. No female dog or cat in season (estrus) shall be housed in the same primary enclosure with male animals except for breeding purposes.

(Effective April 26, 1989)

Sec. 22-344-18a. Housing facilities—temperatures

(a) Pet shops shall be sufficiently heated to protect animals from the cold and to provide for their health and comfort at all times. The temperature of the air surrounding animals shall be maintained, under normal conditions, at a minimum of 65° F and a maximum of 78° F, except for those animals which require higher temperatures. Animals shall be provided protection from the direct rays of the sun.

(b) Housing for animals shall be adequately ventilated in such a manner as to minimize drafts, offensive odors and moisture condensation and to provide for the health and comfort of the animals at all times. Ventilation shall be deemed adequate only if mechanical ventilation, such as exhaust fans, exhaust vents or air conditioning is provided and operating properly.

(Effective April 26, 1989)

Sec. 22-344-19a. Lighting

Facilities housing animals shall have ample well distributed light by natural or artificial means, or both, providing a minimum of 30 foot candles for a minimum of eight hours in each twenty-four hour period, except where contraindicated for health reasons. Enclosures shall be so placed as to protect animals from excessive illumination except those which require it.

(Effective April 26, 1989)

Sec. 22-344-20a. Animal health

(a) Animals shall be provided with food that is wholesome, palatable, free from contamination and of sufficient quantity and nutritive value to maintain animals in good health. Animals, other than certain reptiles which according to normal husbandry practices for their species are not fed at least once daily, must be fed at least once a day, including Sundays and holidays, except as dictated by hibernation, veterinary treatment, normal fasts, or other commonly accepted practices recognized by professionals who are expert in the care of the animals concerned. In the case of young animals, they shall be fed at least two times per day, except when continuous self feeders are provided. Feeding pans shall be durable and sanitized daily. Self feeders may be used for the feeding of dry food provided they are cleaned and sanitized regularly to prevent molding or caking of food. If disposable

Regulations of Connecticut State Agencies

TITLE 22. Agriculture. Domestic Animals

§22-344-21a

Department of Agriculture

food receptacles are used, they must be discarded after each feeding. Food shall be stored in facilities which adequately protect the supplies against deterioration, molding or contamination by vermin.

(b) Potable water shall be provided at all times to each animal in accordance with its needs, except as directed by hibernation, veterinary treatment or other commonly accepted practices recognized by professionals who are expert in the care of the animals concerned. Water containers shall be designed and of sufficient number to provide and dispense adequate quantities of water for the particular species and must be placed in such a way as to prevent spillage. Water containers shall be cleaned and sanitized at least once each day, except that sipper-tube type water bottles, if used, must be kept clean and sanitized regularly, kept free of dirt, debris and algae, and must be cleaned and sanitized prior to an animal being placed in an enclosure.

(c) All dogs and cats received for resale shall be housed, separate from other dogs and cats on the premises for a minimum of 48 hours before being released to a purchaser. Each animal shall be observed daily by the licensee or his representative in order to recognize general symptoms of injury, illness or disease. Any dog or cat that exhibits symptoms of injury, illness or disease shall be isolated and treated as prescribed by a veterinarian. Any such dog or cat shall be verified by a veterinarian to be healthy before such dog or cat can be offered for sale.

(d) Dogs confined in cages shall be removed at least once daily for a period of time. Each pet shop shall consult with a veterinarian licensed in Connecticut to determine the place and period of time necessary for exercise for their dogs confined in cages. Each pet shop shall follow the advice of the veterinarian.

(Effective April 26, 1989)

Sec. 22-344-21a. Prohibited sales

The exhibition, sale or offer for sale by a pet shop of any of the following listed animals is prohibited.

- (1) Chicks, ducklings or other poultry under three months of age.
- (2) Foxes (*Urocyon eineroargenteus*; *Vulpes fulva*).
- (3) Raccoons (*Procyon Lotor*).
- (4) Skunks (*Mephitis*).
- (5) Venomous reptiles.
- (6) Venomous amphibians.
- (7) Venomous arachnids.
- (8) Turtles, except those sold or offered for sale in accordance with section 19a-102 of the General Statutes and Connecticut Department of Health Services regulation 19-13-A49.
- (9) Monk or Quaker Parakeets (*Myiopsitta Monachus*).
- (10) All animals listed under section 26-40a of the General Statutes as potentially dangerous wild animals.
- (11) Any animal which exhibits:

Regulations of Connecticut State Agencies

TITLE 22. Agriculture. Domestic Animals

Department of Agriculture

§22-344-25c

(a) Obvious signs of infectious disease such as distemper, parvovirus, coronavirus, hepatitis, leptospirosis, rabies or other similar diseases. (Not to be construed to include incubating diseases.)

(b) Obvious signs of nutritional disease which may include rickets and emaciation.

(c) Obvious signs of severe parasitism—extreme enough to be influencing its general health.

(d) Fractures or congenital abnormalities affecting its general health.

(Effective April 26, 1989)

Sec. 22-344-25c. Records

(a) The owner or operator of a pet shop shall maintain the following records regarding each dog or cat obtained by the pet shop:

(1) Name and address of person, firm or corporation from whom animal was obtained, date thereof and United States Department of Agriculture (USDA) dealer license number if applicable.

(2) Description of dog or cat including species, breed, sex, color and distinctive markings, physical condition and health, age and USDA animal identification number if applicable.

(3) Name and address of person, firm or corporation to whom dog or cat was sold or ownership was transferred and date thereof.

(4) Disposition of dog or cat, if not sold or transferred, including euthanasia and method, mortality and cause, if known, escape, or other specific circumstance, and date thereof.

(5) For each dog or cat receiving medical care, the type of service rendered, date and veterinarian's name.

(6) If applicable the USDA individual health certificate and identification form (VS form 18-1)

(b) The information required by subdivisions (1) and (2) of subsection (a) shall be entered into a bound logbook with all pages consecutively numbered within 72 hours of receipt of the dog or cat. The information required by subdivisions 3 through 5 of subsection (a) shall be entered into the logbook within 72 hours of the event which is being recorded. Any entry in the logbook which is not adjacent to the original entry describing the animal shall refer to such original entry.

(c) The records required by subsection (a) shall be maintained at the pet shop for a minimum of two years after the date of sale, transfer or other disposition of the dog or cat addressed by the record, and shall be readily available for inspection by any designated agent of the commissioner.

(d) The licensee of a pet shop shall, within 72 hours of receipt of a dog or cat, mail or deliver a copy of the USDA individual health certificate and identification form (VS form 18-1) to the State Veterinarian.

(Effective May 23, 1988)

Grooming Establishments

Sec. 22-344-26. Room requirements

A grooming facility established in a home shall be in a room, separate from living quarters, at least twelve feet by twelve feet in size, with a separate outside entrance. Adequate lighting and ventilation shall be provided.

(Effective January 6, 1970)

Sec. 22-344-27. Walls. Ceilings. Floors

The walls and ceiling of the facility shall be painted, paneled or of other suitable materials. Floors shall be covered with a non-toxic easily cleaned water impervious material.

(Effective January 6, 1970)

Sec. 22-344-28. Grooming equipment

A grooming facility shall be equipped with at least the following: A bathing tub, a grooming table, hot and cold running water, a drier, clippers, combs, brushes and shears. All equipment shall be sterilized after each use and kept in a sanitary manner.

(Effective January 6, 1970)

Sec. 22-344-29. Drying cages

Drying cages shall be kept clean and sanitary and shall be of sufficient size to accommodate the dog contained comfortably. Recommended size twenty-two inches to twenty-four inches wide, twenty-four to twenty-eight inches high, thirty inches to thirty-four inches in depth.

(Effective January 6, 1970)

Sec. 22-344-30. Exercise area. Keeping dogs overnight

There shall be an indoor or outdoor exercise area for dogs being detained for grooming for periods exceeding four hours, measuring at least three feet by eight feet, with covered top provided. Dogs shall not be kept overnight, unless proper kennel facilities and license requirements are met.

(Effective January 6, 1970)

Sec. 22-344-31. Sanitation of grooming and exercise areas

The grooming area and exercise area, if required, shall be kept disinfected, cleaned and sanitary at all times.

(Effective January 6, 1970)
