

Sec. 14-298-622. Crosswalk and crosswalk lines

(a) Crosswalk lines shall be solid white lines marking both edges of a crosswalk. They shall not be less than six inches in width and should not be spaced less than six feet apart.

(b) Crosswalks should be marked at all intersections where there is substantial conflict between vehicle and pedestrian movements. Marked crosswalks should also be provided at other appropriate points where pedestrians could not otherwise recognize the proper place to cross. For added visibility, the area of the crosswalk may be marked with white diagonal lines or with white longitudinal lines. These lines shall be approximately 12 inches to 24 inches wide and spaced 16 inches to 24 inches apart. When diagonal or longitudinal lines are used to mark a crosswalk, the transverse crosswalk lines referred to in subsection (a) may be omitted. School crosswalks shall use 24 inch wide longitudinal lines, spaced 24 inches apart.

(Effective November 3, 1982; Amended December 9, 1999; Amended December 23, 2005)
