

Sec. 20-10-5. Equivalent training program

An applicant may be deemed to have completed an equivalent program, pursuant to subdivision (2) of section 20-10 of the Connecticut General Statutes, provided he has had no lapse greater than six consecutive months of active clinical practice during the twenty-four months immediately preceding the submission of his application to the department and satisfies one of the following criteria:

(1) Holds current certification by a specialty board approved by the American Board of Medical Specialties or has been admitted for the certification examination by such board;

(2) Holds current certification by a foreign specialty board accepted as meeting the education and training requirements for certification examination by a board approved by the American Board of Medical Specialties; or

(3) Has successfully completed, at a level greater than the second post graduate year, one year of an Accreditation Council for Graduate Medical Education accredited residency or fellowship training program.

(Adopted effective November 29, 1999)
