

Sec. 22a-116-6. Post-closure use

At the conclusion of the post-closure period, the commissioner shall hold a hearing at which he will receive all information relevant to the future use of the closed hazardous waste facility. This information shall include all pertinent public and private records as well as testimony from the general public. A decision on any reasonable alternative use shall be made within ninety (90) days of the close of the hearing record.
