Sec. 14-65-1. Definitions

As used in sections 14-65-1 to 14-65-3, inclusive, the following words shall have the following meanings:

(1) “Auction dealer” means a motor vehicle dealer licensed under the provisions of section 14-52 of the general statutes who has been issued an auction permit to conduct a motor vehicle auction on his premises.

(2) “Auction permit” means a permit issued to an auction dealer to hold a motor vehicle auction at a specified location on a date requested by the dealer.

(3) “Commissioner” means the commissioner of motor vehicles or his designee.

(4) “Dealer to dealer auction” means an auction at which the admission thereto and the purchase of vehicles is limited to persons, corporations, firms or other business entities licensed pursuant to sections 14-15, 14-52 or 14-67 of the general statutes, or pursuant to a similar law in another state or jurisdiction, and registered with the auction dealer. The registrant shall inform the auction dealer, prior to registration, of the type of license or licenses held, the license number and the state or jurisdiction which issued such license.

(5) “Dealer to public auction” means an auction where the general public is registered, admitted to the auction premises and allowed to bid on motor vehicles.

(6) “Department” means the Department of Motor Vehicles.

(7) “Title brand” means a conspicuous label or designation imprinted on the face of a motor vehicle title, indicating that the motor vehicle has incurred substantial damage, or has been returned for replacement or refund for failure to conform to a manufacturer’s express warranty. The term shall include, without limitation, “salvage”, “rebuilt”, “nonrepairable”, “salvage parts only”, “manufacturer buyback”, “flood” and other comparable labels.

(Effective February 17, 1970; Amended May 27, 1997)

Sec. 14-65-2. Dealer to dealer auction, and auctions to which the public is admitted

The following provisions shall apply to both dealer to dealer auctions and to dealer to public auctions:

(a) Each auction dealer shall provide at the auction location sufficient parking area to accommodate all motor vehicles to be sold and convenient parking for the motor vehicles of persons in attendance at the auction.

(b) The auction dealer’s permit issued by the commissioner shall be conspicuously displayed at the dealer’s auction location.

(c) Auctions shall be advertised and conducted in the name under which the dealer’s license and auction permits are issued.

(d) Auction dealers shall obtain an auction permit from the commissioner prior to each auction. Where auctions are held on a regular schedule, the commissioner may issue permits for periods of up to six (6) months in advance. The commissioner may assign an inspector or inspectors or other employee or employees to each auction. If the commissioner chooses

to assign an inspector or inspectors or other employee or employees to attend an auction, the auction dealer shall reimburse the commissioner for each inspector's services in an amount, which represents the total salary, including the cost of benefits, for the hours in attendance of each inspector or employee assigned to attend said auction.

(e) Vehicles with title brands, or vehicles sold true mileage unknown (TMU), shall be announced as such by the auction dealer. Such vehicles shall pass inspection as required by section 14-103a of the general statutes prior to registration.

A totaled or salvaged motor vehicle with a certificate of title stamped "salvage parts only" shall be sold at auction separately from other motor vehicles.

(g) Each auction dealer is responsible for completing and providing to the purchaser of a motor vehicle at an auction the documentation required by law. Such documents shall include the name and complete address, including street, town, state and zip code, of the last owner to whom the vehicle was registered, the state in which it was registered and the mileage displayed on the odometer of such motor vehicle. The dealer shall retain a copy of the documents so prepared for a period of at least three (3) years. The documents shall include a properly endorsed certificate of title where so required by law.

(h) All vehicles offered for sale shall have a verifiable vehicle identification number (VIN), conforming with commercial standards, or a state issued VIN in the case of abandoned or composite vehicles, or other vehicles which do not have a factory VIN number. Any vehicle bearing a VIN number which has been altered shall not be sold, except where such vehicle has been inspected by, and its sale approved by an inspector of the department.

(Effective July 25, 1994; Amended May 27, 1997; Amended November 2, 2009)

(b) Each motor vehicle to be offered for sale at auction shall be made available for examination and demonstration at the place of business of such auction dealer during the full business day preceding the day of the auction. Such business day shall not be less than eight (8) consecutive hours.
