

Sec. 21a-115-2. Labeling

(a) Labeling includes all written, printed or graphic matter accompanying an article at any time while such article is in intrastate commerce or held for sale after shipment or delivery in intrastate commerce.

(b) The existence of a difference of opinion, among experts qualified by scientific training and experience, as to the truth of a representation made or suggested in the labeling is a fact (among other facts) the failure to reveal which may render the labeling misleading, if there is a material weight of opinion contrary to such representation.
