TITLE 26. Fisheries & Game

Department of Energy and Environmental Protection

§26-306-2

Endangered and Threatened Species, and Species of Special Concern

Sec. 26-306-1. Definitions

(a) For the purposes of sections 26-306-1 through 26-306-7 of the Regulations of Connecticut State Agencies:

“Commissioner” means the Commissioner of Environmental Protection.

“Extirpated” means to be extinct or not known to have occurred in Connecticut since 1980.

“Nonharvested wildlife” means any species of wildlife with respect to which taking is not allowed pursuant to chapter 490 of the General Statutes or regulations promulgated thereunder.

“Species Advisory Committee” means a committee of experts in biology appointed by the Commissioner to review and give advice to the Commissioner on proposed listings or delistings of endangered and threatened species, and species of special concern pursuant to sections 26-306-3 and 26-306-7 of the Regulations of Connecticut State Agencies.

(b) For the purposes of sections 26-306-1 through 26-306-7 of the Regulations of Connecticut State Agencies, the following terms shall be defined as they are defined in section 26-304 of the General Statutes: Department, conserve and conservation, wildlife, plants, native, species, endangered species, threatened species, species of special concern, Endangered Species Act, take or taking, essential habitat, destruction or adverse modification of essential habitat, threaten the continued existence, and occurrence.

(Effective March 23, 1992)

Sec. 26-306-2. Procedure for determining whether any species is endangered, threatened or of special concern

In determining whether any species is endangered, threatened or of special concern, the Department shall:

(a) Develop, pursuant to sections 26-306-2 and 26-306-3 of the Regulations of Connecticut State Agencies and any other applicable provisions of law, proposed lists of species which are endangered, threatened or of special concern;

(b) Establish a Species Advisory Committee;

(c) Submit proposed species lists developed under subsection (a) of this section to the Species Advisory Committee for review and comment;

(d) Consider but not be bound by the comments of the Species Advisory Committee in determining whether to include any species on the list of endangered species, threatened species, or species of special concern, or to delete any species from any such list; and

(e) Determine, pursuant to any applicable provisions of law, whether to include any species on the list of endangered species, threatened species, or species of special concern, or whether to delete any species from any such list.

(Effective March 23, 1992)

Regulations of Connecticut State Agencies

§26-306-3

Department of Energy and Environmental Protection

Sec. 26-306-3. Criteria for determining whether any species is endangered, threatened, or of special concern

A species shall be considered for listing as an endangered species, threatened species, or a species of special concern if:

- (1) It is a wild mammal, bird, amphibian, reptile, fish, plant or invertebrate;
- (2) Individuals of such species reside, or, for species of special concern, have resided in the past, in Connecticut for a portion of their life cycle; and
- (3) It is an endangered species, threatened species, or species of special concern as those terms are defined by section 26-304 of the General Statutes.

(Effective March 23, 1992)

Sec. 26-306-4. List of endangered species

- (a) The following mammal species are determined to be endangered:

Cryptotis parva	Least shrew
Myotis leibii	Eastern small-footed bat
Myotis lucifugus	Little brown bat
Myotis septentrionalis	Northern long-eared bat
Myotis sodalis	Indiana bat
Perimyotis subflavus	Tri-colored bat

- (b) The following bird species are determined to be endangered:

Accipiter striatus	Sharp-shinned hawk
Ammodramus savannarum	Grasshopper sparrow
Asio otus	Long-eared owl
Bartramia longicauda	Upland sandpiper
Botaurus lentiginosus	American bittern
Chordeiles minor	Common nighthawk
Circus cyaneus	Northern harrier
Cistothorus platensis	Sedge wren
Eremophila alpestris	Horned lark
Gallinula chloropus	Common moorhen
Icteria virens	Yellow-breasted chat
Melanerpes erythrocephalus	Red-headed woodpecker
Podilymbus podiceps	Pied-billed grebe
Pooecetes gramineus	Vesper sparrow

Sec. 26-306-7. Petitions to add or remove a species from the lists of endangered species, threatened species, or species of special concern, or to add or remove an area identified as an essential habitat

(a) In accordance with sections 4-174 and 26-306 of the General Statutes and section 22a-3a-1 of the Regulations of Connecticut State Agencies, any person may petition the Commissioner to add or remove a species from the list of endangered species, threatened species, or species of special concern set forth in sections 26-306-4, 26-306-5 and 26-306-6 of the Regulations of Connecticut State Agencies, or to add or remove an area identified by the Commissioner as an essential habitat for an endangered or threatened species. The burden of proof for listing or delisting species or essential habitats shall be on the person requesting such listing or delisting.

(b) In addition to the information required by section 4-174 of the General Statutes and section 22a-3a-1 of the Regulations of Connecticut State Agencies, a petition under this section shall set forth facts demonstrating why the species or habitat at issue should be added or removed. A petition shall be on a form provided by the Commissioner and shall

contain at least the following information:

- (1) The petitioner's name, address, telephone number, and signature; and the date of the petition;
 - (2) The objective of the petition;
 - (3) For a petition to list a species as endangered, threatened, or of special concern:
 - (A) The common and scientific name of the species at issue;
 - (B) The list for which the species is proposed; and
 - (C) A detailed justification for listing the species as proposed, including without limitation past and present population and distribution in (i) Connecticut and (ii) throughout its range, and any known or suspected threats to its numbers in Connecticut.
 - (4) For a petition to remove a species from the list of endangered species, threatened species, or species of special concern:
 - (A) The common and scientific name of the species at issue;
 - (B) The list from which the delisting of the species is proposed; and
 - (C) A detailed justification for delisting the species, including without limitation any changes in population and distribution in (i) Connecticut and (ii) throughout its range, and in any known or suspected threats to its numbers in Connecticut.
 - (5) For a petition to add an area to those identified by the Commissioner as essential habitat for an endangered or threatened species:
 - (A) The common and scientific name of the species for which the area is claimed to be essential habitat; and
 - (B) A detailed justification for adding the area, including without limitation a description of the area's physical and biological features, location, and ownership; the nature of the species' use or potential use of the area; any known or suspected threats to the area or the species' continued or potential use of the area; and the relative abundance of similar such areas (i) in Connecticut and (ii) throughout the range of the species and the geographic relationship of the area at issue to such other similar areas.
 - (6) For a petition to remove an area from those identified by the Commissioner as essential habitat for an endangered or threatened species:
 - (A) The common and scientific name of the species for which the area is listed as essential habitat; and
 - (B) A detailed justification for removing the area, including without limitation a description of the area's physical and biological features, location, and ownership; a discussion of any changes in the nature of the species' use or potential use of the area; any known or suspected threats to the area or the species' continued or potential use of the area; and the relative abundance of similar such areas (i) in Connecticut and (ii) throughout the range of the species and the geographic relationship of the area at issue to such other similar areas.
 - (7) Copies of or citations to all scientific studies and other documentation which are relevant to the petition and known to the petitioner.
- (c) Although the Commissioner will act on a petition containing the information set forth

Regulations of Connecticut State Agencies
