(2) A new birth certificate shall be created by entering the new parental information, as indicated on the adoption decree, into the electronic birth registry system and changing the name of the child, if so ordered by the court decreeing the adoption. The state file number from the original birth certificate shall be recorded on the face of the new birth certificate.

(3) A certified copy of the new certificate shall be sent either through mail or electronically to all local registrars of vital statistics who have the original certificate on file, along with a letter informing the local registrar that the original birth certificate has been replaced for reasons of adoption, and instructing the local registrar to place the original birth certificate in a confidential file and to replace it with the new certificate.

(4) The Department of Public Health shall place the certified copy of the original birth certificate, the evidence of adoption, copies of letters to the local registrars of vital statistics and the notification letter to adopting parent(s), in a confidential file, except that, for cases in which a new birth certificate is not prepared, the certified copy of the original birth certificate shall not be included in the confidential file. Upon notification from the Department of Public Health, the local registrar shall place the original birth certificate, or certified copy of the birth certificate, if applicable, and the notification letter received from the Department of Public Health in a confidential file. (Effective April 1, 1986)

Any such request shall be filed with the Executive Director of the Police Officer Standards and Training Council. Whenever the Council believes there is a reasonable basis for cancellation or revocation of a certificate, in its entirety or in part, it shall request that its Executive Director proceed with a preliminary inquiry.

(c) **Preliminary Inquiry:** Procedures to cancel or revoke a certificate may be instituted by the Council only after a preliminary inquiry has been made to determine whether probable cause exists for instituting such procedures. If the Council deems that probable cause does exist for such cancellation or revocation of certification, it shall enter into its minutes a written record of such finding. This record shall be made available, on request, to the holder and to the law enforcement unit which initiated the request for cancellation or revocation.

(d) **Notice to Holder of Certificate:** If, in its preliminary inquiry, the Council determines that probable cause does exist for such cancellation or revocation of certification, the Executive Director of the Council shall notify the holder by mail that the Council is instituting procedures to cancel or revoke his/her certificate. Such notice shall contain a statement, in reasonable detail, of the grounds for such cancellation or revocation and shall also contain the name and address of the requesting party. Further, such notice shall contain a statement in writing that the holder may, within fifteen days after receiving the notice, either:

(1) Surrender his/her certification to the Executive Director of the Council, thereby cancelling or revoking his/her right to serve as a certified instructor, and waiving his/her right to a hearing, or

(2) Request, in writing, a hearing before the Council.

(e) **Provision for Hearings.** If no request for a hearing is made by the holder within the required 15-day period, the Council may, on its own (but not later than thirty-one days following the expiration of the 15-day notice period), order a hearing to be held. If no hearing is held, the Executive Director of the Council shall undertake (or initiate) an investigation of the matters set forth in the notice and file a written report detailing his findings with the Council. Said report shall be presented to the Council within sixty days following the expiration of the aforesaid 15-day notice period. If a hearing is requested by the holder, or if the Council orders a hearing on its own motion, such hearing shall be held not later than thirty-one days following such request or such order by the Council. Not less than twenty-one days’ notice of such hearing shall be given to the holder, to the requesting party, and to the chief law enforcement officer of the employing unit.

(f) **Hearing Procedure.** The hearing shall be conducted by a Committee of the Council with at least three Council members present. The meeting shall be conducted in accordance with the requirements of the Freedom of Information Act. The holder and the requesting

party shall have the right to examine the record of any prior investigations and proceedings in the case, to be heard in each other's presence, to be present throughout the hearing and to be represented by counsel, who shall be given reasonable opportunity to call witnesses, to cross-examine adverse witnesses, to present oral argument and, within twenty days following the hearing, to file briefs.

(g) **Decision of the Council.** The Council, within thirty-one days after the conclusion of the hearing or after filing of the Executive Director's written report if no hearing is held, shall determine by a recorded roll-call vote whether or not the certificate of the holder shall be cancelled or revoked in its entirety or in part. An affirmative vote of two-thirds of the full membership of the Council shall be necessary for such cancellation or revocation. The Council shall state in a written opinion the reasons for its action and shall base its determination upon the evidence produced at the hearing or, if no hearing is held, upon the Executive Director's written report. Notice of the action of the Council, together with its written opinion supporting such action, shall be promptly furnished by the Council's Executive Director to all parties involved.

(h) **Restoration of Certification.** Any law enforcement instructor whose certification is cancelled or revoked in its entirety or in part pursuant to Sections (a) through (g) above may reapply for certification two years after the date on which the cancellation or revocation order becomes final.

Description of Organization, Course of Operation and Rules of Procedure

Sec. 7-323k-1. Organization

The members of the Commission shall be appointed in accordance with the Provisions of Section 7-323k of the General Statutes to which reference may be had. In addition, the Commission shall annually select from among its members a chairman, a vice-chairman and a secretary who shall have the duties and responsibilities ordinarily attendant to such positions.

(Effective June 14, 1977)

Sec. 7-323k-2. Methods of operations

The Commission shall conduct meetings in accordance with the Provisions of Sec. 7-323k (c) of the General Statutes to which reference may be had.

(Effective June 14, 1977)

Sec. 7-323k-3. Public access

The members of the public may obtain information in accordance with the Freedom of Information Act (P.A. 75-342) or any other applicable statute or make submissions or requests either directly to the Commission at its regular meetings or by mail to the State Fire Administrator who shall be authorized to provide such information or at his discretion to submit the same for consideration before the entire Commission. All information received by the Commission shall be considered public information and available upon request. Commission meetings shall be open to the public in accordance with Section 1-21 of the General Statutes as amended.

(Effective June 14, 1977)

Sec. 7-323k-4. Rules of procedure

Rules of Procedure shall be the “Guidelines for Procedures” of the Commission which follow:

A. **Meetings.** 1. Meetings of the Commission shall be prescribed by statutory provision and by such rules as the Commission may pass so long as they do not conflict with statutory provisions.

2. It shall be the duty of the Chairman, with the concurrence of the Commission, to name the date, time, and location of all meetings of the Commission and to notify all interested parties at least ten days prior to such meetings. Special meetings may be called by the Chairman on his own initiative or at the request of four members upon 48-hour notice to all members.

3. A meeting of the Commission is a meeting which, though it may last for several days, shall be considered one meeting. The intermediate adjournments from day to day, or recesses taken during the day, do not destroy the continuity of the meetings, which in reality constitute one session.

Regulations of Connecticut State Agencies

TITLE 7. Municipalities

§7-323k-4

Commission on Fire Prevention and Control

4. A meeting of the Commission shall be closed by moving “to adjourn.”

B. Quorum. 1. A quorum of the Commission is such a number as must be present in order that business can be legally transacted. Eight members of the Commission shall constitute a quorum.

2. The quorum refers to the number present, not to the number voting.

3. In the event there is not a quorum present, the Chairman of the Commission may only conduct business concerning: Obtaining a quorum, fixing the adjournment time, adjournment, or take a recess.

4. Unanimous consent cannot be given when a quorum is not present and a notice given then is not valid.

C. Order of business. 1. The Commission shall conduct business in the following order:

a. Reading the minutes of the previous meeting (and their approval).

b. Reports of any standing committees.

c. Reports of any special committees.

d. Special orders.

e. Unfinished business and general orders.

f. New business.

2. The minutes of the Commission are read only once a day at the beginning of the day’s business. The fifth item in the order of business includes:

a. The business pending and undisposed of at the previous adjournment.

b. The general orders that were on the calendar for the previous meeting which were not disposed of.

c. Matters postponed to this meeting that have not been disposed of.

3. At every meeting of the Commission the Chairman shall have an agenda of the order of business for the use of the Commission. The agenda shall be sent to all members with the notice for the meeting. The Chairman, as soon as a matter is disposed of, should announce the next order of business. When reports are in order, the Chairman should call for such reports in their order and when unfinished business is in order, he should announce the various questions in their proper order as stated above. If it is desired to transact business out of its normal order, it is necessary to suspend the rules, which can be done by a two-thirds vote.

D. Motions before the commission. 1. Before any subject is open to debate it is necessary that a motion be made by a member of the Commission who has been recognized, and that it be stated by the Chair.

2. The procedures for the conduct of Commission meetings is generally that recognized in “Roberts Rules of Order.”

3. When a motion has been made and seconded, it is the duty of the Chairman, unless he rules it out of order, immediately to state the question—that is, state the exact question that is before the Commission for its consideration and action.

4. After a question has been stated by the Chairman, it is before the Commission for consideration and action. All resolutions, reports of committees, communications to the

Regulations of Connecticut State Agencies

TITLE 7. Municipalities

Commission on Fire Prevention and Control

§7-323k-4

Commission, and all amendments proposed to the Commission, and all other motions may be debated before final action is taken on them, unless by a two-thirds vote the Commission decides to dispose of them without debate. By a two-thirds vote is meant two-thirds of the votes cast, a quorum being present. In debate each member of the Commission has the right to speak twice on the same question on the same day, but cannot make a second speech on the same question as long as any member who has not spoken on that question desires to speak. No one can speak longer than ten minutes at a time without permission of the Commission.

5. Debate must be limited to the merits of the immediately pending question— that is, the last motion stated by the Chairman that is still pending.

6. When the debate appears to have closed, the Chairman asks again, “Are you ready for the question?” If no one claims the floor he proceeds to take the vote on the motion, first calling for the affirmative and then for the negative vote. In putting the question, the Chairman should make perfectly clear what the motion is that the Commission is to decide. If the question is on the adoption of a resolution, unless it has been read very recently, it should be read again, the question being put in a manner similar to this: “This motion is on the adoption of the resolution” (which the Chair reads).

E. Procedures. 1. During the meetings of the Commission there are occasions when members wish to obtain information, to do, or to have done, things that necessitate their making a request. Among these are the following, which will be treated separately:

a. To answer any questions on parliamentary law, pertinent to the pending business, that may be necessary to enable the member to make a suitable motion or to raise a point of order. The Chairman is expected to be familiar with parliamentary law, while many members of the Commission are not.

b. Request for Information. A request for information relating to the pending business is treated just as a parliamentary inquiry, and has the same privileges.

c. Leave to Withdraw or Modify a Motion. A request for leave to withdraw a motion, or a motion to grant such leave, may be made at any time before voting on the question has commenced, even though the motion has been amended. It requires no second.

d. To be Excused from a Duty. If a member of the Commission is elected to office, appointed to a committee, or has any other duty placed on him and he is unable or unwilling to perform the duty, if present, he should decline it immediately and if absent, he should, upon learning of the fact, at once notify the Chairman orally or in writing that he cannot accept the duty.

2. To amend takes precedence over the motion to postpone indefinitely and yields to all other motions. It can be applied to all motions. It can be amended itself, but this “amendment of an amendment” cannot be amended. An amendment is debatable in all cases except where the motion to be amended is undebatable. An amendment of a pending question requires only a simple majority vote for adoption, even though the question to be amended requires a two-thirds vote. An amendment of a rule of order or order of business previously adopted requires a two-thirds vote, but an amendment of the amendment requires majority vote. An

Regulations of Connecticut State Agencies

TITLE 7. Municipalities

§7-323k-4

Commission on Fire Prevention and Control

amendment may be in any of the following forms:

- a. To insert or add (that is, place at the end).
- b. To strike out.
- c. To strike out and insert or substitute, as it is called, when the entire paragraph or resolution is struck out and another is inserted.
- d. To amend by substitution.

3. If the question is undebatable or debate has been closed by order of the Commission, the Chairman, immediately after stating the question, puts it to a vote. If the question is debatable and no one claims the floor, after the question is stated by the Chairman, he should inquire, "Are you ready for the question?" After a moment's pause, if no one claims the floor, he should put the question to a vote. If the question is debated or motions are made, the Chairman should wait until the debate has apparently ceased, when he should again inquire, "Are you ready for the question?" Having given ample time for any one to claim the floor, and no one having done so, he should put the question to vote and announce the result.

4. Only members of the Commission prescribed by law may cast their vote on any question before the Commission. There shall be no vote by proxy.

F. Chairman. 1. His duties are generally as follows: To open the session at the time at which the Commission is to meet, by taking the chair and calling the members to order; to announce the business before the Commission in the order in which it is to be acted upon; to recognize members entitled to the floor; to state and to put to vote all questions which are regularly moved, or necessarily arise in the course of the proceedings, and to announce the result of the vote; to appoint subcommittees as these may be authorized by vote of the Commission; to protect the Commission from annoyance from evidently frivolous or dilatory motions by refusing to recognize them; to assist in the expediting of business in every way compatible with the rights of the members of the Commission by allowing brief remarks when undebatable motions are pending, if he thinks it advisable; to restrain the members when engaged in debate, within the rules of order; to enforce on all occasions the observance of order and decorum among the members of the Commission deciding all questions of order (subject to an appeal to the Commission by any two members) unless when in doubt he prefers to submit the question for decision of the Commission; to inform the Commission, when necessary, or when referred to for the purpose, on a point of order or practice pertinent to pending business; and to authenticate, by his signature, when necessary, all the acts, orders, and proceedings of the Commission declaring its will.

2. During debate he should be seated and pay attention to the speaker, who is required to address his remarks to the Chairman. When a member has the floor, the Chairman cannot interrupt him so long as he does not transgress any of the rules of the Commission.

3. The Chairman cannot close debate unless by order of the Commission which requires a two-thirds vote; nor can he prevent the making of legitimate motions by hurrying through the proceedings. If members of the Commission are reasonably prompt in exercising their right to speak or make motions, the Chairman cannot prevent their doing so. If he has

Commission on Fire Prevention and Control

§7-323k-5

hurriedly taken and announced a vote while a member is addressing the chair preparatory to speaking, the vote is null and void, and the member must be recognized. On the other hand the Chairman should not permit the object of a meeting to be defeated by a few factious persons using parliamentary forms with the evident object of obstructing business.

4. The Vice-Chairman shall act in the absence of the Chairman and, when so acting, shall have the same duties as the Chairman.

G. Secretary.1. The secretary is the recording officer of the Commission and the custodian of its records except such as are specifically assigned to others. These records are open, however, to inspection by any member of the Commission at reasonable times, and when a subcommittee needs any records for the proper performance of its duties, they should be turned over to its chairman.

2. In addition to the above duties, when there is only one secretary, it is his duty to send out proper notices of all called meetings, and of other meetings when necessary, and to conduct the correspondence of the Commission, except as otherwise provided.

3. Prior to each meeting, the Secretary should make out an order of business for the use of the Chairman which lists in exact order matters that must come before the Commission. He should keep a record of the proceedings stating what was done and not what was said unless it is to be published. (b) Individuals who have been awarded reciprocal credit for any level of certification shall not be considered to be certified by the commission to that or any prerequisite level in the state until all examination requirements for the level(s) have been satisfactorily fulfilled.

(c) Reciprocal credit levels shall be recognized as being equal to the corresponding state certification level and individuals granted such reciprocal credit shall be entitled to all rights and privileges granted to persons who have received state certification.

Transfer of Retirement Credit Between Municipalities Under Section 7-442a

Sec. 7-442a-1. Definition

With respect to a member of the Connecticut municipal employees' retirement fund whose retirement credit in said fund is transferred from one to another municipality participating in said fund under the provisions of section 7-442a of the 1969 supplement to the general statutes, or of any special act, "first municipality" and "second municipality" as used in sections 7-442a-2 to 7-442a-4, inclusive, shall respectively mean such municipalities from and to which such credit is transferred.

(Effective September 9, 1969)

Sec. 7-442a-2. Liability of second municipality

If the amount of future pensions of such member is changed by such transfer, the state employees retirement commission shall determine on sound actuarial principles the respective amounts necessary (1) before and (2) after such transfer for the payments of future pensions based upon the service of the member prior to such transfer. The second municipality shall be liable to the fund for any excess of (2) over (1), payable in the manner provided in subsection (a) of section 7-441 of the 1969 supplement to the general statutes.

(Effective September 9, 1969)

Sec. 7-442a-3. Liability of first municipality. Charging of member's retirement allowance

The amount payable by the first municipality under subsection (a) of section 7-441 of the 1969 supplement to the general statutes shall not be changed by reason of such transfer. If the transfer is between a municipality participating in Fund A and one participating in Fund B, or vice versa, as soon as is practicable after such transfer, the state treasurer shall transfer to the fund in which the second municipality participates an amount of the assets of the fund in which the first municipality participates equal to the lesser of (1) and (2) as defined in section 7-442a-2. The member's contributions made before the date of transfer are deemed to be included in the foregoing amount. The member's entire retirement allowance shall be charged to the second municipality.

(Effective September 9, 1969)

Sec. 7-442a-4. Withdrawal of department from fund

If the department of the first municipality in which the member is employed is withdrawn from the fund subsequent to the transfer under the provisions of section 7-444 or 7-474 of the general statutes, as amended, either before or after the retirement of the member, the refund to the first municipality under the provisions of said section 7-444 shall be reduced by any amount transferred under section 7-442a-3.

Election of Optional Form of Retirement Salary for Municipal Employees

Sec. 7-448-1. Election of optional form of retirement salary

(a) An employee desiring to elect an optional form of retirement salary shall file with the retirement commission, before the commencement of his retirement salary, a written election on a form to be provided by the retirement commission.

(b) An election shall be approved immediately if the employee passes a health examination satisfactory to the retirement commission. Such health examination shall be made, without expense to the state, on a form to be provided by the retirement commission, by a physician legally licensed to practice medicine in the state of Connecticut.

(c) In other cases, the option application shall automatically be deemed to have been approved by the retirement commission three years after filing.

(d) An election may be revoked, or the fraction which the spouse is to receive may be reduced, at any time at least three years before the first date on which the spouse would have been entitled to a retirement salary if the employee had died on such date, as set forth in subsection (b) of section 7-448-2. In the event of the divorce of the employee and his spouse, an election may be revoked at any time before such first date. Otherwise an election may not be revoked or the fraction reduced except upon the consent of the commission, which will consider whether the proposed revocation or change would be detrimental to the state or to the retirement fund, and may require evidence as to the health of the employee and/or his spouse, and may require the consent of the spouse, before making its decision.

(e) The employee may, if he so elects, provide that the optional form shall not take effect if he is retired on account of disability.

(See 1961 Supp. § 7-439.)

Sec. 7-448-2. Conditions under which employee's spouse will receive retirement salary and amount of same

(a) If an employee retires after his election has been approved by the retirement commission and is outlived by his spouse, such spouse shall be entitled to a retirement salary commencing at the employee's death. In the case of an employee not participating in social security, the amount of each payment to the spouse shall be the (reduced) amount which would have been payable if the employee were living at the time of such payment, or such fraction thereof as the employee shall have specified in his election. In the case of an employee participating in social security, the income payable to the spouse prior to the age at which such spouse would be eligible for a social security survivor's benefit shall be the same as if the employee were not participating in social security; and the income thereafter shall be the same as that to which the employee was entitled, or to which he would have become entitled, upon his becoming eligible for social security old age insurance benefits, or such fraction thereof as the employee specified in his election.

(b) If an employee dies before retiring, after he has attained the age and completed the years of service necessary for retirement and after his election has been approved by the retirement commission, his spouse, if surviving, shall be entitled to receive the same

Regulations of Connecticut State Agencies

TITLE 7. Municipalities

State Employees' Retirement Commission

retirement salary as such spouse would have been entitled to if the employee had retired just before death.

(c) In no other case shall the spouse be entitled to a retirement salary if the employee dies before commencement of his retirement salary. In no case shall the spouse be entitled to a retirement salary if the employee retired before his election has been approved by the retirement commission.

(Effective January 31, 1979)

Sec. 7-448-3. Amount of reduced retirement salary payable to employee if election of optional retirement salary approved

(a) The reduced retirement salary payable to the employee shall be a percentage of the retirement salary that would have been payable if an optional form of retirement salary had not been elected. In the case of (1) an employee not participating in social security or (2) an employee who retires or dies while entitled to social security old age insurance benefits, as a result of municipal service, and whose spouse has attained the age at which such spouse would be eligible for a social security survivor's benefit, the percentage shall be uniform. Otherwise there shall be two such percentages. The first shall be the same as if the employee were not participating in social security and shall apply (1) to the total retirement salary that would have been payable to the employee prior to the age at which the employee would become eligible for social security old age benefits and prior to his qualifying for social security disability insurance benefits and (2) to that part of the retirement salary that would have been payable thereafter arising from base salary in excess of the amount on which social security taxes were payable, if an optional form of retirement salary had not been elected. The second percentage shall apply to the remainder of the retirement salary that would have been so payable. The first and second percentages will be so computed that the resulting reduced retirement salary shall be the actuarial equivalent, as determined by the retirement commission, of the retirement salary that would be payable were it not for the election of this option. In the case of a retired or deceased employee participating in social security who had attained the age at which the employee would be eligible for social security old age benefits or would have attained such age if living, prior to August 1, 1961, and whose spouse had not attained the age at which such spouse would be eligible for a social security survivor's benefit prior to such date, a new second percentage shall be appropriately calculated. If an employee, after becoming entitled to social security disability insurance benefits, ceases to be so entitled before the age at which he would become eligible for social security old age insurance benefits, the first percentage will again apply and the second percentage shall be appropriately recalculated.

(b) If the spouse has died before the first date on which the spouse would have been entitled to a retirement salary if the employee had died on such date, the employee (on retirement) shall be entitled to the same retirement salary as if an optional form of retirement salary had not been elected. If the spouse had died between such date and the commencement of the employee's retirement salary, the employee's retirement salary shall

not be reduced by a greater amount or amounts (in dollars per year) than the reductions that would have been made if he had retired just before his spouse's death.

(Effective January 31, 1979)

Sec. 7-448-4. Payment to beneficiary if election of optional retirement salary approved

If a retirement salary becomes payable either to the employee or to the spouse, the payment to the beneficiary provided for in sections 45-266 of the general statutes and 7-440 of the 1961 supplement thereto shall be made only after the death of the survivor of the employee and his spouse, and shall then be made in an amount equal to the excess, if any, of the employee's contributions to the retirement fund over the aggregate of the retirement salary payments made to him and to his spouse. The spouse shall have no right to name or change a beneficiary either before or after the death of the employee. If no named beneficiary survives the employee and his spouse, payments shall be made to the executor or administrator of the employee, except that, if the amount is less than one thousand dollars, the refund may, at the option of the commission, be made in accordance with the terms of section 45-266 of the general statutes.

Municipal Employee Relations Act

Article I

Description of Organization and Definitions

Sec. 7-471-1. Creation and authority

The Connecticut State Board of Labor Relations was established in 1945 by section 31-102 of the Connecticut General Statutes and administers various labor relations statutes including the Municipal Employee Relations Act, sections 7-467 to 7-477 of the Connecticut General Statutes.

The three board members are appointed by the Governor with the advice and consent of the General Assembly. Alternate board members shall be appointed pursuant to section 31-102(b) of the Connecticut General Statutes and shall serve in place of an absent member of the board when so directed by the board and while so serving shall have all of the powers of members of the board. Pursuant to section 31-103 of the Connecticut General Statutes, the board appoints an agent and a general counsel for four year terms of office, and may appoint such assistant agents and other employees as are needed to carry out the work of the board without undue delay.

(Effective May 7, 1980; Amended October 11, 2013)

Sec. 7-471-2. Functions

It is the function of the quasi-judicial board to enforce the collective bargaining statutes by deciding prohibited practice and representation cases. The board also promulgates regulations and exercises other powers necessary to the administration of the collective bargaining statutes under its jurisdiction.

The agent and assistant agents hold informal investigation and mediation conferences with parties to a complaint or petition in an effort to resolve the labor relations dispute before a board hearing. If settlement is not possible the agent may recommend dismissal of a complaint or assign the matter for a hearing before the board. The agent and assistant agents conduct secret ballot elections to determine the desire of employees for collective bargaining representation.

The general counsel is the legal advisor to the board and staff and represents the board in court appeals, enforcement proceedings and other judicial and administrative proceedings to which the board is a party or is interested.

(Effective May 7, 1980)

Sec. 7-471-3. Official address

All communications should be addressed to the State Board of Labor Relations, 38 Wolcott Hill Road, Wethersfield, Connecticut 06109.

Sec. 7-471-11. Amendment or withdrawal of petition

Any petition may be amended, in whole or in part, by any party or the board, or withdrawn by the petitioner, before the first ballot is cast in an election, upon such conditions as the board may deem proper and just.

(Effective May 7, 1980)

Sec. 7-471-12. Duties of agent

(a) When a petition for an election has been filed, the agent shall confer with and may hold informal conferences with the interested parties and ascertain the facts. The agent shall ascertain whether a substantial number of employees desire the petitioner to represent them or whether a substantial number of employees wish to decertify an existing employee representative by making a card check or by such other appropriate means as the agent shall determine. In making a card check the agent may use the criteria set out in subsection (b) of this section. The agent shall encourage the parties to agree upon the appropriate unit and a suitable method by which the representative is to be determined by the board. In cases where the parties agree that an election be held to ascertain the wishes of the employees, the agent shall as soon as possible conduct an election by secret ballot. In cases where the parties agree upon other suitable methods by which the representative is to be determined, the agent as soon as possible shall by such method ascertain the employees' wishes and report the agent's findings promptly to the board.

(b) Proof of an employee's desire with regard to representation may be established as follows:

The petitioner(s) may present to the agent membership or application for membership cards or collective bargaining authorization cards.

The cards shall be dated and signed by the employees prior to the filing of the petition with the board, and shall contain the printed or typewritten name of the signer.

The cards shall be void if signed beyond a year before the filing of the petition with the board.

The card itself shall indicate the employee's desire with regard to representation.

(c) Whenever the agent, after investigation, has reasonable cause to believe that a question of representation exists, including but not limited to finding that the parties are unable to agree upon the appropriate unit and he is unable to settle the controversy concerning representation, the agent shall issue a direction of election within 30 days of the investigation and conduct a secret ballot election within 30 days of the issuance of the direction of election to determine whether and by which employee organization the employees desire to be represented. The election shall be conducted in accordance with the terms and condition set forth in Sections 7-471-14, 7-471-14a, 7-471-15, and 7-471-16 of

Regulations of Connecticut State Agencies

TITLE 7. Municipalities

§7-471-13

Connecticut Board of Labor Relations

these regulations and the agent will report the agent's action to the board . In the event that the agent determines that there is no reasonable cause to believe that a question of representation exists, the agent shall issue a recommendation to dismiss the petition within 30 days after the investigation and report the agent's action to the board . In the event the agent is unable to determine whether or not a question of representation exists, the agent may, within 30 days of the investigation, refer the petition directly to the board for a hearing without either having conducted an election or issuing a recommendation for dismissal, in which event the board shall conduct an appropriate hearing upon due notice as set forth in these regulations.

(d) If the agent determines either to conduct a secret ballot election or to recommend dismissal of the petition, the parties may object to the agent's determination by filing objections in the form of a brief within 14 days of the service of the order directing an election or within 14 days of the agent's recommendation for a dismissal filed with the board . Briefs shall be certified to all parties.

(e) If objections are timely filed, the agent shall prepare a record for the board which shall include the following: the petition, the agent's order directing an election, or the agent's recommendation for dismissal and any briefs filed by a party.

(f) The Board, after considering the direction of election or the Agent's recommendation for dismissal, together with the briefs submitted, shall, as appropriate within 30 days of receiving the record:

(1) issue an order confirming the agent's direction of election and certifying the results, or

(2) issue an order confirming the agent's recommendation for dismissal, or

(3) order further investigation, or

(4) order a hearing upon due notice,

(g) In the event the agent has directly referred the petition to the board for a hearing without either directing an election or recommending dismissal, or if the board has ordered a hearing, a hearing will be held pursuant to Section 7-471-13 of the Regulations of Connecticut State Agencies.

(h) If no objections are filed, the board shall certify the results of the election or dismiss the petition.

(Effective October 5, 1993; Amended October 11, 2013)

Sec. 7-471-13. Hearing; notice; ascertainment of desires of employees

When a hearing has been ordered, the board shall hold such hearing upon reasonable notice and may either dismiss the petition or direct an election or elections, or use other suitable methods to ascertain the wishes of employees. The board or its agent shall prepare and cause to be served upon the parties a notice of hearing before the board, at a time and place fixed therein. Hearings relative to petitions for representation elections shall have precedence over all other cases except motions for interim relief. A copy of the petition

(b) All elections shall be held at such times and places and upon such terms or conditions as the board or the agent may specify. All elections shall be by secret ballot.

(c) The employees eligible to vote shall be those on the payroll on the date of the filing of the petition or such other date as the board or the agent may order upon the showing of extraordinary circumstances or by consent of the parties, and who remain on the payroll on the date of the election.

(d) At least seven (7) days prior to the election, the employer shall furnish, to each labor organization which is party to the proceeding, a list of the names and addresses of the employees in the appropriate unit who were on the payroll on the date of the filing of the petition, or such other date as the board or the agent may order upon the showing of extraordinary circumstances or by consent of the parties, and who are on the payroll at the time of the submission of the list.

(e) Unless mutually agreed otherwise, at least three (3) business days prior to the election, the employer shall post, in conspicuous places where the employees eligible to vote customarily assemble, copies of the notice of election as provided by the board. Nothing herein shall be deemed to prevent an employer from posting such notices earlier.

(Effective October 5, 1993; Amended October 11, 2013)

Sec. 7-471-14a. Interference

(a) During the course of a representation campaign, certain conduct may interfere with the rights of employees and may result in the setting aside of the election. Examples of such conduct include, but are not limited to, the following:

- (1) Threatening loss of jobs or other disadvantages by employer or union.
- (2) Misstating important facts by a union or an employer where the other party does not have a fair chance to reply.
- (3) Promising or granting promotions, pay raises, or other benefits to influence an employee's vote by a party capable of carrying out such promises.
- (4) An employer firing employees to discourage or encourage union activity or a union causing them to be fired to encourage union activity.
- (5) Threatening physical force or violence to employees by a union or an employer to influence their votes.
- (6) Failing to provide information in accordance with section 7-471-14(d) of the Regulations of Connecticut State Agencies.

Regulations of Connecticut State Agencies.

(b) In the absence of extraordinary circumstances, a party having knowledge of grounds pursuant to this section for objection to an election is required to make such party's objection to the agent prior to the election. Failure to do so may result in a waiver of the right to raise the objection.

(Effective October 11, 2013)

Sec. 7-471-15. Challenged ballots

At any election, if the right of an employee to vote is challenged by the board, the agent, or any party to the proceeding, the employee shall be permitted to vote, but the ballot shall be sealed by the employee in a separate envelope provided for such purpose and the employee shall then deliver the envelope to the agent or person duly designated by the board or the agent to conduct the election, who shall deliver the challenged ballot to the board for determination, provided, if the challenged ballots are insufficient in number to affect the result of the election, no determination with respect to them shall be made.

(Effective October 5, 1993; Amended October 11, 2013)

Sec. 7-471-16. Procedure following elections; challenges and objections

(a) Upon the conclusion of any election or elections, the board or its agent or a person designated by the board to conduct the election shall prepare a report as to the result of the election or elections and, in cases where the right of an employee to vote has been challenged and the challenged ballots are sufficient in number to affect the result of the election, the report shall contain a plain statement of the grounds for the challenge. The agent shall cause this report to be served upon the parties.

(b) Not later than five (5) days after the conclusion of the election, any party who intends to make an objection to the conduct of the election shall serve upon all other parties, with proof of service, and file with the board an original and four copies of objections to the election or elections or to the report thereon. The objections shall contain a plain statement of the grounds of objection. The board may, either with or without a hearing, make its determination with respect to the objections or to any challenged ballots. Any defect in making objections warrants their dismissal by the board but shall not deprive the board of jurisdiction to entertain the objections in spite of such defect wherever the board deems that justice so requires.

(Effective May 7, 1980; Amended October 11, 2013)

Sec. 7-471-17. Certification of representatives

The board, after ascertaining the wishes of the employees, shall certify to the parties the name or names of the representatives or make other disposition of the matter. The board will not issue a certification unless the wishes of the employees have been ascertained by secret ballot election.

(Effective 7, 1980)

Sec. 7-471-18. Election after certification

Except in extraordinary circumstances, the board will not act favorably upon a petition for an election within one year after the certification of a representative by the board.
