Sec. 46b-215a-2b. Child support guidelines

(a) **Applicability**

(1) Award components

This section shall be used to determine the current support, health care coverage and child care contribution components of all child support awards within the state, subject to section 46b-215a-3 of the Regulations of Connecticut State Agencies.

(2) Income scope

When the parents’ combined net weekly income exceeds \$4,000, child support awards shall be determined on a case-by-case basis, and the current support prescribed at the \$4,000 net weekly income level shall be the minimum presumptive amount.

(b) **Using the worksheet**

The line references throughout this section are to the worksheet set forth in section 46b-215a-5b of the Regulations of Connecticut State Agencies. Use one worksheet in most cases. When there is a third party custodian and either parent is a low-income obligor (as determined in subsection (c)(3)(A) of this section), complete a separate worksheet for each parent. Enter on the worksheet only weekly amounts, which may be rounded to the nearest dollar.

(c) **Determining the amount of current support**

The procedures in this subsection shall be used, subject to subsections (d) and (e) of this section, to determine the current support component of the child support award.

(1) Order requirements

(A) Specific dollar amount

The current support order shall include a specific dollar amount of support as a primary element, to be payable on a recurring basis.

(B) Indeterminate amounts

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-2b

Commission for Child Support Guidelines

The primary requirement of a specific dollar amount of current support shall not preclude the entry of a supplemental order, in appropriate cases, to pay a percentage of a future lump sum payment, such as a bonus. Such supplemental orders may be entered only when:

- (i) such payment is of an indeterminate amount; and
- (ii) the percentage is generally consistent with the schedule in subsection (f) of this section.

(2) Determine the net weekly income of each parent

Follow the instructions in this subdivision to determine the net weekly income of each parent.

(A) Enter the parent's gross income on line 1, and indicate the number of work hours, to a maximum of forty-five, used to determine the gross income.

(B) Enter the parent's federal income tax, based on all allowable exemptions, deductions and credits, on line 2.

(C) Enter the parent's social security tax or, in lieu thereof, mandatory retirement plan deduction, not to exceed the maximum amount permissible under social security, on line 3.

(D) Enter the parent's medicare tax on line 4.

(E) Enter the parent's state and local income tax, based on all allowable exemptions, deductions and credits, on line 5.

(F) Enter the parent's medical, hospital, dental or health insurance premium payments, including any Husky Plan contributions, for the parent and his or her legal dependents, including the child whose support is being determined, on line 6.

(G) Enter the parent's payments on court-ordered life insurance for the benefit of the child whose support is being determined on line 7.

(H) Enter the parent's payments on court-ordered disability insurance on line 8.

(I) Enter the parent's mandatory union dues or fees, including initiation, to the extent deducted by the employer, on line 9.

(J) Enter the parent's cost of mandatory uniforms and tools, to the extent deducted by the employer, on line 10.

(K) Enter the amount of the parent's court-ordered alimony and child support payments for individuals not involved in the support determination on line 11. Do not include arrearage payments in this amount.

(L) If the parent is entitled to a qualified child deduction in accordance with subsection (e) of this section, compute an imputed support obligation for the parent's qualified child, following the procedures in subdivision (2) of such subsection, and enter the amount on line 12.

(M) Add the amounts entered on lines 2-12 for each parent and enter the sum on line 13 for each parent.

(N) Subtract each parent's line 13 amount from the parent's line 1 amount and enter the result on line 14 for each parent. The line 14 amount for each parent is that parent's net weekly income.

(3) Determine the basic child support obligation

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

Commission for Child Support Guidelines

§46b-215a-2b

Follow the instructions below in the order presented to determine the basic child support obligation using the Schedule of Basic Child Support Obligations found in subsection (f) of this section.

(A) Find the block in the schedule that corresponds to the income level of the noncustodial parent (rounded to the nearest ten dollars) and the number of children whose support is being determined.

(i) If this block is in the darker shaded area of the schedule, the noncustodial parent is a low-income obligor. The dollar amount shown in the block is the noncustodial parent's basic child support obligation. Enter this amount on line 16 and proceed to subdivision (4) of this subsection.

(ii) If this block is not in the darker shaded area of the schedule, the noncustodial parent is not a low-income obligor. Proceed to subparagraph (B) of this subdivision to determine the basic child support obligation.

(B) Add the line 14 amounts for each parent. The result is the combined net weekly income. Round this amount to the nearest ten dollars and enter on line 15. Find the block in the schedule that corresponds to the line 15 amount and the number of children whose support is being determined.

The dollar amount shown in this block is the basic child support obligation of both parents for the support of all children. Enter this amount on line 16 and proceed to subdivision (4) of this subsection.

(4) Determine each parent's share of the basic child support obligation

Except as provided in subparagraph (A) of this subdivision, each parent's share of the basic child support obligation is determined by calculating each parent's share of the combined net weekly income, as entered on line 15, and multiplying the result for each parent by the basic child support obligation.

(A) In the case of a low-income obligor, skip line 17, enter the line 16 amount in the noncustodial parent's column on line 18 and proceed to subdivision (5) of this subsection.

(B) Determine each parent's percentage share of the combined net weekly income by dividing the line 14 amount for each parent by the line 15 amount and multiplying by one hundred percent. Enter the result (rounded to the nearest whole percentage) for each parent on line 17.

(C) Multiply the line 17 amount for each parent by the line 16 amount. Enter the result for each parent on line 18. These amounts are each parent's share of the basic child support obligation.

(5) Adjust for social security benefits

Enter on line 19 in the noncustodial parent's column the weekly amount of any social security dependency benefits on the earnings record of such parent that are paid on behalf of the child whose support is being determined.

(6) Determine the presumptive current support amount

The presumptive current support amount for each parent is equal to that parent's share of the basic child support obligation, except where there is an adjustment for social security

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-2b

Commission for Child Support Guidelines

dependency benefits in accordance with subdivision (5) of this subsection.

(A) If there is no entry on line 19 in the noncustodial parent's column, enter each parent's line 18 amount, rounded to the nearest dollar, on line 20 in the appropriate column. Also enter the noncustodial parent's line 20 amount in the appropriate space on line 34.

(B) If there is an entry on line 19 in the noncustodial parent's column, subtract the line 19 amount from the noncustodial parent's line 18 amount and enter the result, rounded to the nearest dollar, on line 20 in the noncustodial parent's column and in the appropriate space on line 34. Then enter the custodial parent's line 18 amount, rounded to the nearest dollar, on line 20 in the custodial parent's column.

(7) Determine the recommended current support order

The recommended current support order shall equal the presumptive current support amount for the noncustodial parent unless a deviation criterion, as specified in section 46b-215a-3 of the Regulations of Connecticut State Agencies, applies.

(A) If a deviation criterion applies, complete section VII of the worksheet, checking all boxes that apply, and attach an additional sheet if necessary to explain the deviation. Enter the recommended weekly current support order on line 34.

(B) The line 20 amount for the custodial parent is retained by the custodial parent and is presumed spent on the children. The presumptive support amount for the custodial parent is not established as an order and is not entered on line 34.

(d) Determining the amount of current support in split custody situations

In a split custody situation, as defined in section 46b-215a-1(23) of the Regulations of Connecticut State Agencies, a single support obligation is calculated by offsetting theoretical presumptive current support amounts for each parent as follows.

(1) Determine the presumptive current support amount that the father would owe to the mother for the children in her custody as if those children were the only children of the parties, following all applicable procedures in subsection (c) of this section.

(2) Determine the presumptive current support amount that the mother would owe to the father for the children in his custody as if those children were the only children of the parties, following all applicable procedures in subsection (c) of this section.

(3) Subtract the lesser amount from the greater, as determined in subdivisions (1) and (2) of this subsection.

(4) The recommended current support order shall equal the amount calculated in subdivision (3) of this subsection unless a deviation criterion, as specified in section 46b-215a-3 of the Regulations of Connecticut State Agencies, applies. Such order shall be payable by the parent whose presumptive current support amount, as determined in subdivisions (1) and (2) of this subsection, is greater. If a deviation criterion applies, complete section VII of the worksheet, checking all boxes that apply, and attach an additional sheet if necessary to explain the deviation. Enter the recommended weekly current support order on line 34.

(e) Determining the amount of current support when another child resides with a parent

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

Commission for Child Support Guidelines

§46b-215a-2b

(1) Applicability

This subsection shall be used to determine the amount of current support only under the circumstances described in subparagraphs (A) and (B) of this subdivision.

(A) Qualified child

Either parent claims a qualified child. A qualified child is one:

(i) who is currently living in the same household with the parent, if such parent is the child's legal guardian, or, if such parent is not the child's legal guardian, has lived in the same household with such parent for at least the six months immediately preceding the support determination or six of the twelve months immediately preceding such determination;

(ii) who is a dependent of the parent;

(iii) who is not a subject of the support determination; and

(iv) for whom the parent has not claimed a deduction under section 46b-215a-1(1)(I) of the Regulations of Connecticut State Agencies.

(B) Initial award or defense to modification

An initial child support award is being established, or a parent is defending against a proposed modification of an existing child support award.

(2) Procedure

When this subsection applies, determine the amount of current support by following the procedures in this subdivision.

(A) Determine current support amount for all children

(i) Enter on line 12a for the parent claiming a qualified child the sum of lines 2-11 for such parent.

(ii) Subtract the parent's line 12a amount from the parent's line 1 amount and enter the result on line 12b for such parent.

(iii) Refer to the schedule to determine a single theoretical presumptive current support amount for the number of children consisting of the child whose support is being determined and the qualified child. For the purpose of this determination, deem the gross income of the other parent of each such child to be zero. Enter the schedule amount on line 12c for the claiming parent.

(B) Determine imputed support obligation for qualified child

Divide the amount entered on line 12c by the number of children used in determining such amount, and enter the result on line 12d for the claiming parent. Multiply the amount entered on line 12d by the number of the claiming parent's qualified children, and enter the product on line 12 for the claiming parent. The line 12 amount is the imputed support obligation for the qualified child.

(C) Determine current support for subject child

Continue following the remaining procedures in subsection (c) of this section to determine the amount of current support for the subject child, using the imputed support obligation for the qualified child as a deduction from the gross income of the claiming parent.

(g) Determining the health care coverage contribution

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-2b

Commission for Child Support Guidelines

Subject to section 46b-215a-3 of the Regulations of Connecticut State Agencies, each child support award entered under this section shall include a provision for either parent to contribute to the health care coverage of the child in accordance with this subsection.

(1) Medical or dental insurance coverage

The health care coverage requirement may be satisfied by an order under subparagraph (A) or (B) of this subdivision.

(A) An order under this subparagraph shall direct either parent to name the child as a beneficiary of any medical or dental insurance or benefit plan:

(i) carried by such parent, or

(ii) available at reasonable cost to such parent on a group basis through an employer or a union.

(B) If coverage in accordance with subparagraph (A) is unavailable, an order under this subparagraph shall direct either parent to apply for coverage on behalf of the child under any available state or federally funded insurance plan including, but not limited to, the Husky Plan, Part B.

(2) Exception for low-income obligors

Notwithstanding subdivision (1) of this subsection, no order shall enter for payment of Husky Plan, Part A or Part B, contributions by a low-income obligor.

(3) Payment of unreimbursed expenses

An order shall be made under this subdivision for payment of the child's medical and dental expenses that are not covered by insurance or reimbursed in any other manner. Such order may be in lieu of an order under subdivision (1) of this subsection, or in addition to an order under such subdivision. The amount of such order to be paid by each parent shall be determined in accordance with subparagraphs (A) to (D), inclusive, of this subdivision.

(A) Calculate the custodial parent's net disposable income, as defined in section 46b-215a-1(16) of the Regulations of Connecticut State Agencies, in the following manner:

(i) Add the recommended current support order (line 34 amount) to the custodial parent's line 14 amount. Enter the sum on line 21 in the custodial parent's column.

(ii) Enter the weekly amount of any alimony paid by one parent to the other on line 22, and check the appropriate box to indicate which parent pays it.

(iii) Multiply the line 22 amount by eighty percent, and enter on line 23.

(iv) If the noncustodial parent pays alimony to the custodial parent, add the line 23 amount to the custodial parent's line 21 amount, and enter the sum on line 24 in the custodial parent's column. If the custodial parent pays alimony to the noncustodial parent, subtract the line 23 amount from the custodial parent's line 21 amount, and enter the result on line 24 in the custodial parent's column.

(v) If there is an amount on line 19 in the noncustodial parent's column, enter it on line 25.

(vi) Add the line 25 amount to the custodial parent's line 24 amount, and enter on line 26 in the custodial parent's column. This line 26 amount is the custodial parent's net disposable income.

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

Commission for Child Support Guidelines

§46b-215a-2b

(B) Calculate the noncustodial parent's net disposable income, as defined in section 46b-215a-1(16) of the Regulations of Connecticut State Agencies, in the following manner:

(i) Subtract the recommended current support order (line 34 amount) from the noncustodial parent's line 14 amount. Enter the result on line 21 in the noncustodial parent's column

(ii) Enter the weekly amount of any alimony paid by one parent to the other on line 22, and check the appropriate box to indicate which parent pays it.

(iii) Multiply the line 22 amount by eighty percent, and enter on line 23.

(iv) If the noncustodial parent pays alimony to the custodial parent, subtract the line 23 amount from the noncustodial parent's line 21 amount, and enter the result on line 24 in the noncustodial parent's column. If the custodial parent pays alimony to the noncustodial parent, add the line 23 amount to the noncustodial parent's line 21 amount, and enter the sum on line 24 in the noncustodial parent's column.

(v) If there is an amount on line 19 in the noncustodial parent's column, enter it on line 25.

(vi) Subtract the line 25 amount from the noncustodial parent's line 24 amount, and enter on line 26 in the noncustodial parent's column. This line 26 amount is the noncustodial parent's net disposable income.

(C) Calculate each parent's percentage share of combined net disposable income in the following manner:

(i) enter the sum of the custodial and noncustodial parents' line 26 amounts on line 27. This amount is the combined net disposable income.

(ii) Divide each parent's line 26 amount by the line 27 amount, multiply each result by one hundred percent, and enter each parent's percentage (rounded to the nearest whole percentage) on line 28.

(D) Determine the recommended order for unreimbursed medical expenses in the following manner:

(i) If the noncustodial parent is a low-income obligor, enter the lesser of: (I) such parent's percentage share from line 28, or (II) fifty percent on line 35 for such parent; and enter one hundred percent minus the percentage entered for the noncustodial parent on line 35 for the custodial parent.

(ii) If the noncustodial parent is not a low-income obligor, enter the percentage share from line 28 for each parent on line 35.

(h) Determining the child care contribution

(1) General rule

Subject to section 46b-215a-3 of the Regulations of Connecticut State Agencies, the noncustodial parent shall be ordered to pay the custodial parent a child care contribution as part of each child support award entered under this section. Such contribution shall be for the purpose of reimbursing the custodial parent for a portion of the child care costs incurred on behalf of the subject child.

(2) Contribution amount

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-3

Commission for Child Support Guidelines

(A) Qualifying costs

Child care costs shall qualify for a contribution from the noncustodial parent only to the extent that they:

- (i) are reasonable,
- (ii) are necessary to allow a parent to maintain employment,
- (iii) are not otherwise reimbursed or subsidized, and
- (iv) do not exceed the level required to provide quality care from a licensed source.

(B) Noncustodial parent's share

Except as provided in subdivision (3) of this subsection, the amount of the child care contribution, to be entered on line 36 of the worksheet, shall equal the amount determined in subclause (i) or (ii) of this subparagraph, as follows:

(i) the noncustodial parent's percentage share of combined net disposable income, as entered on line 28 of the worksheet, multiplied by the qualifying child care costs as they are incurred, or

(ii) where there is a finding of noncompliance with a prior child care contribution order, a weekly dollar amount calculated by multiplying the noncustodial parent's percentage share of combined net disposable income, as entered on line 28 of the worksheet, by the estimated average qualifying child care costs.

(3) Special rules for low-income obligors

(A) Definition of "low-income obligor"

For the purposes of this subdivision only, the term "low-income obligor" shall include those obligors whose net disposable income (amount on line 26 of the worksheet) is within the darker shaded area of the schedule.

(B) Child care contribution limits

(i) If the custodial parent's net disposable income (amount on line 26 of the worksheet) is within the darker shaded area of the schedule, the child care contribution of the low-income obligor shall equal the lesser of the noncustodial parent's line 28 percentage or fifty percent of the qualifying child care costs. Enter the correct percentage, or the corresponding dollar amount in conjunction with a finding of noncompliance, on line 36 of the worksheet.

(ii) If the custodial parent's net disposable income (amount on line 26 of the worksheet) is outside the darker shaded area of the schedule, the child care contribution of the low-income obligor, to be entered on line 36 of the worksheet, shall equal:

(I) twenty percent of the qualifying child care costs, in lieu of the amount provided in subdivision (2)(B)(i) of this subsection; or

(II) where there is a finding of noncompliance with a prior child care contribution, a weekly dollar amount equal to twenty percent of the estimated average qualifying child care costs, in lieu of the amount provided in subdivision (2)(B)(ii) of this subsection.

(Adopted effective August 1, 2005)

Sec. 46b-215a-3. Deviation criteria

(a) **Introduction**

The current support, health care coverage contribution, and child care contribution amounts calculated under section 46b-215a-2b of the Regulations of Connecticut State Agencies, and the amount of the arrearage payment calculated under section 46b-215a-4a of the Regulations of Connecticut State Agencies, are presumed to be the correct amounts to be ordered. The presumption regarding each such amount may be rebutted by a specific finding on the record that such amount would be inequitable or inappropriate in a particular case. An agreement of the parties may be sufficient to rebut the presumption when such finding cites one or more deviation criteria, which may include other equitable factors, to support such agreement. Any such finding shall state the amount that would have been required under such sections and include a factual finding to justify the variance. Only the deviation criteria stated in the lettered subparagraphs of subdivisions (1) to (6), inclusive, of subsection (b) of this section, and indicated by the check boxes in section VII of the worksheet, shall establish sufficient bases for such findings.

(b) Criteria for deviation from presumptive support amounts

(1) Other financial resources available to a parent

In some cases, a parent may have financial resources that are not included in the definition of net income, but could be used by such parent for the benefit of the child or for meeting the needs of the parent. The resources that may justify a deviation from presumptive support amounts under this subdivision are limited to the following:

(A) substantial assets, including both income-producing and non-income-producing property;

(B) the parent's earning capacity;

(C) parental support being provided to a minor obligor;

(D) the regularly recurring contributions or gifts of a spouse or domestic partner, but only if it is found that the parent has reduced his or her income or has experienced an extraordinary reduction of his or her living expenses as a direct result of such contributions or gifts; and

(E) hourly wages for regular, overtime and additional employment in excess of 45 total paid hours per week, but not to exceed 52 total paid hours per week, provided:

(i) the parent has earned such wages on a regular and consistent basis, and the opportunity to earn such wages is reasonably expected to continue on a regular and consistent basis in the foreseeable future;

(ii) considering such wages as income available for the support determination is in the best interests of the child, including but not limited to parenting time, under the totality of circumstances; and

(iii) such wages shall not be considered income for order modification purposes if the parent is an obligor who is an hourly wage earner and who worked 45 hours per week or less at the time of the establishment of the support order.

(2) Extraordinary expenses for care and maintenance of the child

In some cases, a parent may be incurring extraordinary expenses that are essential for the proper care and maintenance of the child whose support is being determined. Only the

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-3

Commission for Child Support Guidelines

following expenses, when found to be extraordinary and to exist on a substantial and continuing basis, may justify a deviation from presumptive support amounts under this subdivision:

- (A) education expenses,
 - (B) unreimbursable medical expenses, and
 - (C) expenses for special needs.
- (3) Extraordinary parental expenses

In some cases, a parent may incur extraordinary expenses that are not considered allowable deductions from gross income, but which are necessary for the parent to maintain a satisfactory parental relationship with the child, continue employment, or provide for the parent's own medical needs. Only the following expenses, when found to be extraordinary and to exist on a substantial and continuing basis, may justify a deviation from presumptive support amounts under this subdivision:

- (A) significant visitation expenses,
 - (B) job-related unreimbursable employment expenses of individuals who are not self-employed, and
 - (C) unreimbursable medical and disability-related expenses.
- (4) Needs of a parent's other dependents

In some cases, a parent may be legally responsible for the support of individuals other than the child whose support is being determined. Only the following factors may justify a deviation from presumptive support amounts under this subdivision:

- (A) resources available to a qualified child for whom a deduction was taken under section 46b-215a-2b(e) of the Regulations of Connecticut State Agencies;
 - (B) child care expenses for a parent's qualified child, as defined in section 46b-215a-2b(e)(1)(A) of the Regulations of Connecticut State Agencies, provided such expenses may be used to deviate only from the presumptive child care contribution component of the child support award, and only when an initial child support award is being established or such parent is defending against a proposed modification of an existing child care contribution;
 - (C) verified support payments made by a parent for his or her dependent child not residing with such parent; and
 - (D) the significant and essential needs of a spouse, provided
 - (i) such needs may be used as a possible defense against an increase in the support order, but not as a reason for decreasing such order, and
 - (ii) the income, assets, and earning capacity of such spouse shall be considered in determining whether to deviate.
- (5) Coordination of total family support

In some cases, child support is considered in conjunction with a determination of total family support, property settlement, and tax implications. When such considerations will not result in a lesser economic benefit to the child, it may be appropriate to deviate from presumptive support amounts for the following reasons only:

- (A) division of assets and liabilities,

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

Commission for Child Support Guidelines

§46b-215a-4a

- (B) provision of alimony, and
- (C) tax planning considerations.
- (6) Special circumstances

In some cases, there may be special circumstances not otherwise addressed in this section in which deviation from presumptive support amounts may be warranted for reasons of equity. Such circumstances are limited to the following:

- (A) Shared physical custody.

When a shared physical custody arrangement exists, deviation is warranted only when:

- (i) such arrangement substantially reduces the custodial parent's, or substantially increases the noncustodial parent's, expenses for the child; and
- (ii) sufficient funds remain for the parent receiving support to meet the basic needs of the child after deviation.

- (B) Extraordinary disparity in parental income.

When the custodial parent has high income, resulting in an extraordinary disparity between the parents' net incomes, it may be appropriate to deviate from presumptive support amounts if:

- (i) such deviation would enhance the lower income parent's ability to foster a relationship with the child; and
- (ii) sufficient funds remain for the parent receiving support to meet the basic needs of the child after deviation.

- (C) Best interests of the child.
- (D) Other equitable factors.

Sec. 46b-215a-4a. Arrearage guidelines

(a) **Scope of section**

This section shall be used to determine periodic payments on child support arrearages, subject to section 46b-215a-3 of the Regulations of Connecticut State Agencies. The determination of lump sum payments remains subject to the discretion of the judge or family support magistrate, in accordance with existing law.

(b) **General rule**

(1) Except as provided in subsections (c), (d) and (e) of this section, the weekly arrearage payment shall equal the lesser of:

- (A) twenty percent of the weekly current support order, or
- (B) fifty-five percent of the obligor's net income, reduced by the amount of the current support order.

(2) In a Title IV-D case where arrearages are owing to both the state and a custodial parent, one payment order shall enter under which payments shall be distributed in

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

§46b-215a-4a

Commission for Child Support Guidelines

accordance with Title IV-D distribution requirements. Such order shall be payable to the custodial parent until the custodial parent's arrearage is satisfied, and then to the state.

(c) Special rule for low-income obligors

Subject to subsection (e)(1) of this section, the weekly arrearage payment of a low-income obligor shall equal the greater of:

- (1) ten percent of the weekly current support order, or
- (2) one dollar per week.

(d) Special rule if there is no current support order

Subject to subsection (e)(1) of this section, the weekly arrearage payment when there is no current support order in effect for any child of the parties shall equal:

- (1) twenty percent of an imputed support obligation for the child for whom the arrearage is owed if such child is an unemancipated minor, or
- (2) fifty percent of an imputed support obligation for the child for whom the arrearage is owed if such child is deceased, emancipated or over age eighteen.

(e) Special rule for child living with the obligor

(1) Applicability

This subsection applies when the child for whom the arrearage is owed is living with the obligor. If this subsection applies, subsections (c) and (d) of this section shall not be used to determine the arrearage payment. For the purposes of this subsection, a child is deemed to be living with the obligor if the circumstances in either subparagraph (A) or subparagraph (B) of this subdivision are found.

(A) The obligor is the child's legal guardian and is currently living in the same household with such child.

(B) The obligor is not the child's legal guardian, but the child has lived in the same household with the obligor for at least:

- (i) the six months immediately preceding the determination of the arrearage payment, or
- (ii) six of the twelve months immediately preceding such determination.

(2) Special rule

When this subsection applies, the weekly arrearage payment shall be:

(A) one dollar per week if the obligor's gross income is less than or equal to two hundred fifty percent of the poverty guideline for the obligor's household size, as published annually in the *Federal Register* by the Department of Health and Human Services; or

(B) twenty percent of the imputed support obligation for such child if the obligor's gross income is greater than two hundred fifty percent of the poverty guideline for the obligor's household size, as published annually in the *Federal Register* by the Department of Health and Human Services.

(f) Use of the worksheet in arrearage determinations

Line references throughout this subsection are to the worksheet included in section 46b-215a-5b of the Regulations of Connecticut State Agencies, which worksheet is intended for use with the following instructions.

Regulations of Connecticut State Agencies

TITLE 46b. Family Law

Commission for Child Support Guidelines

§46b-215a-5a

(1) Determine the total arrearage

Add all amounts described in subparagraphs (A), (B) and (C) of this subdivision to determine the total arrearage to be paid for past support of the subject child. Enter the sum on line 37, indicating separately, if applicable, amounts due to the state and amounts due to the family. Amounts comprising the total arrearage are:

(A) the total of all delinquent amounts that have become due and payable under a current support order, but which have not been reduced to a judgment or an arrearage finding;

(B) the total of all unpaid support amounts that have been reduced previously to a judgment or arrearage finding; and

(C) the total of all support amounts due for periods prior to the initial determination of a support order.

(2) Determine the arrearage payment

Enter on line 32 either twenty percent of the line 34 amount or, if applicable, the amount determined in one of subparagraphs (A) to (D), inclusive, of this subdivision (corresponding to paragraphs A to D, inclusive, in section VI of the worksheet). The line 32 amount is the presumptive arrearage payment. Enter this amount on line 38 unless a deviation criterion applies. If the amount entered on line 38 differs from the line 32 amount, complete section VII of the worksheet.

(A) If the noncustodial parent is a low-income obligor, enter on line 32 the greater of ten percent of the line 34 amount or \$1 per week, unless subparagraph (B) of this subdivision applies.

(B) If the child is living with the obligor, enter on line 32 either: (i) \$1 per week if the obligor's gross income is less than or equal to two hundred fifty percent of poverty level for the obligor's household size, or (ii) twenty percent of an imputed support obligation for the child if the obligor's gross income is greater than two hundred fifty percent of poverty level for the obligor's household size.

(C) If there is no current support order and subparagraph (B) of this subdivision does not apply, enter on line 32 either: (i) twenty percent of an imputed support obligation if the child is an unemancipated minor, or (ii) fifty percent of an imputed support obligation if the child is deceased, emancipated, or over age 18.

(D) If subparagraphs (A) to (C), inclusive, of this subdivision do not apply and the sum of the current support and arrearage payments would exceed fifty-five percent of the noncustodial parent's line 14 amount, enter fifty-five percent of the noncustodial parent's line 14 amount, minus the line 34 amount, on line 32.
