

Sec. 46a-68k-6. Equivalent weight accordance

(a) The commission shall accord equivalent weight to the determinations of an agency approved pursuant to Section 46a-68k-4. If the agency determination was made in full accordance with the terms of the memorandum of understanding between the agency and the commission and all applicable laws and regulations governing the agency's contract compliance program, the commission shall treat the agency's determination as if it were reached by the commission under Sections 46a-68j-21 through 46a-68j-43, inclusive.

(b) The commission may reverse the determination of an approved agency only if an independent review indicates that there is a considerable probability that the conclusion reached by the agency is against the evidence. The commission may review any such determination upon its own motion or upon the application of any person, and may reverse or modify the agency's determination upon an affirmative vote of a majority of its members present and voting.

(c) The provisions of Section 46a-68k-6 (a) notwithstanding, the commission may at any time conduct a review of a contractor who is a party to a public works contract with a state agency. The commission shall notify the agency in writing that it intends to conduct such a review and, upon receipt of the notice, the agency shall suspend further review of the contractor under Section 46a-68k-5 unless and until the commission notifies the agency in writing that the agency's review may continue.
