

**Sec. 21a-235-12. Sterilization in own plant or by permit holder. Cooperative sterilization plants**

(a) A maker or vendor of second-hand articles or materials, or new materials that have been contaminated, may sterilize such articles or materials in his own approved plant or have them sterilized by any concern having a sterilization permit. The permit number of the approved process shall be printed or stamped on each tag attached to any sterilized article or material.

(b) Persons who do a small amount of business in remaking, renovating or selling second-hand furniture may not wish to set up a sterilization plant and to pay the twenty-five dollar annual fee for a sterilization permit. Such small operators and dealers may get sterilization done by a commercial plant or may band together to set up a cooperative sterilization plant to take care of their needs.

(Effective July 27, 1984)
