(a) Discovery.

(1) For reasons of unavailability or for other good cause shown, the testimony of any witness may be taken by deposition. Depositions may be taken orally or upon written interrogatories before any person designated by the presiding hearing examiner and having power to administer oaths.

(2) Any party desiring to take the deposition of a witness may make application in writing to the presiding hearing examiner, setting forth:

(ii) The time when, the place where, and the name and post office address of the person before whom the deposition is to be taken;

(iii) The name and address of each witness; and

(iv) The subject matter concerning which each witness is expected to testify.

(3) Such notice as the presiding hearing examiner may order shall be given by the party taking the deposition to every other party.

(4) Each witness testifying upon deposition shall be sworn, and the parties not calling him shall have the right to cross-examine him. The questions propounded and the answers thereto, together with all objections made, shall be reduced to writing, read to the witness, subscribed by him, and certified by the officer before whom the deposition is taken. Thereafter, the officer shall seal the deposition, with two copies thereof, in an envelope and mail the same by registered mail to the presiding hearing examiner. No part of a deposition shall be admitted in evidence unless there is a showing that the reasons for the taking of the deposition in the first instance exist at the time of hearing.

(b) Whenever appropriate to a just disposition of any issue in a hearing, the presiding hearing examiner may allow discovery by any other appropriate procedure, such as by written interrogatories upon a party, production of documents by a party, or by entry for inspection of the employment or place of employment involved.

(b) The party applicant shall have the burden of proof.

(c) (1) A party shall be entitled to present his case or defense by oral or documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts. Any oral or documentary evidence may be received, but a presiding hearing examiner shall exclude evidence which is irrelevant, immaterial or unduly repetitious.

(2) The testimony of a witness shall be upon oath or affirmation administered by the presiding hearing examiner.

(3) If a party objects to the admission or rejection of any evidence, or to the limitation of the scope of any examination or cross-examination, or to the failure to limit such scope, he shall state briefly the grounds for such objection. Rulings on all objections shall appear in the record. Only objections made before the presiding hearing examiner may be relied upon subsequently in a proceeding.

Provided, that the parties shall be given adequate notice, at the hearing or by reference in the presiding hearing examiner's decision, of the matters so noticed, and shall be given adequate opportunity to show the contrary.

(e) Hearings shall be stenographically reported. Copies of the transcript may be obtained by the parties upon written application filed with the reporter, and upon the payment of fees at the rate provided in the agreement with the reporter.

(Effective September 11, 1974)

Sec. 31-372-27. Decisions of hearing examiners

(a) Within 10 days after receipt of notice that the transcript of the testimony has been filed or such additional time as the presiding hearing examiner may allow, each party may file with the hearing examiner proposed findings of fact, conclusions of law, and rule or order, together with a supporting brief expressing the reasons for such proposals. Such proposals and brief shall be served on all other parties, and shall refer to all portions of the record and to all authorities relied upon in support of each proposal.

(b) Within a reasonable time after the time allowed for the filing of proposed findings of fact, conclusions of law, and rule or order, the presiding hearing examiner shall make and serve upon each party his decision, which shall become final upon the 20th day after service thereof, unless exceptions are filed thereto, as provided in Section 31-372-28. The decision of the hearing examiner shall include:

(1) A statement of findings and conclusions, with reasons and bases therefor, upon each material issue of fact, law, or discretion presented on the record, and

(2) The appropriate rule, order, relief, or denial thereof. The decision of the hearing examiner shall be based upon a consideration of the whole record and shall state all facts

(Effective September 11, 1974)

Sec. 31-372-28. Exceptions

Within 20 days after service of a decision of a presiding hearing examiner, any party may file with the hearing examiner written exceptions thereto with supporting reasons. Such exceptions shall refer to the specific findings of fact, conclusions of law, or terms of the rule or order excepted to, the specific pages of transcript relevant to the suggestions, and shall suggest corrected findings of fact, conclusions of law, or terms of the rule or order. Upon receipt of any exceptions, the hearing examiner shall fix a time for filing any objections to the exceptions and any supporting reasons.

(Effective September 11, 1974)

Sec. 31-372-29. Transmission of record

If exceptions are filed, the hearing examiner shall transmit the record of the proceeding to the Commissioner for review. The record shall include: the application, any request for hearing thereon, motions and requests filed in written form, rulings thereon, the transcript of the testimony taken at the hearing, together with the exhibits admitted in evidence, any documents or papers filed in connection with pre-hearing conferences, such proposed findings of fact, conclusions of law, rules or orders, and supporting reasons, as may have been filed, the hearing examiner's decision, and such exceptions, statements of objections, and briefs in support thereof, as may have been filed in the proceeding.

(Effective September 11, 1974)

Sec. 31-372-30. Decision of the commissioner

If exceptions to a decision of a hearing examiner are taken pursuant to Section 31-372-28, the Commissioner shall upon consideration thereof, together with the record references and authorities cited in support thereof, and any objections to exceptions and supporting reasons, make his decision. The decision may affirm, modify, or set aside, in whole or part the findings, conclusions, and the rule or order contained in the decision of the presiding hearing examiner, and shall include a statement of reasons or bases for the actions taken of each exception presented.

(Effective September 11, 1974)

Sec. 31-372-31—31-372-39. Reserved

Sec. 31-372-40. Motion for summary decision

(a) Any party may, at least 20 days before the date fixed for any hearing under Section 31-372-20 through 31-372-30, move with or without supporting affidavits for a summary decision in his favor of all or any part of the proceeding. Any other party may, within ten

days after service of the motion, serve opposing affidavits or countermove for summary decision. The presiding hearing examiner may, in his discretion, set the matter for argument and call for the submission of briefs.

(b) The filing of any documents under paragraph (a) of this section, shall be with the hearing examiner, and copies of any such documents shall be served in accordance with Section 31-372-21.

(c) The hearing examiner may grant such motion if the pleadings, affidavits, material obtained by discovery or otherwise obtained, or matters officially noticed show that there is no genuine issue as to any material fact and that a party is entitled to summary decision. The hearing examiner may deny such motion whenever the moving party denies access to information by means of discovery to a party opposing the motion.

(d) Affidavits shall set forth such facts as would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. When a motion for summary decision is made and supported as provided in this section, a party opposing the motion may not rest upon the mere allegations or denials of his pleading; his response must set forth specific facts showing that there is a genuine issue of fact for the hearing.

(e) Should it appear from the affidavits of a party opposing the motion that he cannot for reasons stated present by affidavit facts essential to justify his opposition, the hearing examiner may deny the motion for summary decision or may order a continuance to permit affidavits to be obtained or discovery to be had or may make such other order as is just.

(f) The denial of all or any part of a motion for summary decision by the hearing examiner shall not be subject to interlocutory appeal to the Commissioner unless the hearing examiner certifies in writing (1) that the ruling involves an important question of law or policy as to which there is substantial ground for difference of opinion, and (2) that an immediate appeal from the ruling may materially advance the ultimate termination of the proceeding. The allowance of such an interlocutory appeal shall not stay the proceeding before the hearing examiner unless the Commissioner shall so order.

(Effective September 11, 1974)

Sec. 31-372-41. Summary decision

(a) (1) Where no genuine issue of a material fact is found to have been raised, the hearing examiner may issue an initial decision to become final twenty days after service thereof, unless, within such period of time any party has filed written exception to the decision. If any timely exception is filed, the hearing examiner shall fix a time for filing any objections to the exception and any supporting reasons.

Thereafter, the Commissioner, after consideration of the exceptions and any supporting briefs filed therewith and of any objections to the exceptions and any supporting reasons, may issue a final decision.

(2) An initial decision and a final decision made under this paragraph shall include a statement of:

(3) A copy of an initial decision and a final decision under this paragraph shall be served on each party.

(b) Where a genuine material question of fact is raised, the hearing examiner shall, and in any other case he may, set the case for an evidentiary hearing in accordance with Sections 31-372-20 through 31-372-30.
