

Sec. 17a-17-10. Calculation of revenue

(a) Treatment centers must identify and list all revenue or income earned and/or donated during the fiscal year on the ASCAR. All sources of and restrictions on this income must be listed. The use of non-designated income must also be listed.

(b) Treatment centers must allocate revenue to residential care, educational services or other programs based on restrictions and/or use of the income.

(Effective February 1, 1994)
