No part of a deposition shall be admitted in evidence unless there is a showing that the reasons for the taking of the deposition in the first instance exist at the time of hearing.

(b) Whenever appropriate to a just disposition of any issue in a hearing, the presiding hearing examiner may allow discovery by any other appropriate procedure, such as by written interrogatories upon a party, production of documents by a party, or by entry for inspection of the employment or place of employment involved.

Sec. 31-372-30. Decision of the commissioner

If exceptions to a decision of a hearing examiner are taken pursuant to Section 31-372-28, the Commissioner shall upon consideration thereof, together with the record references and authorities cited in support thereof, and any objections to exceptions and supporting reasons, make his decision. The decision may affirm, modify, or set aside, in whole or part the findings, conclusions, and the rule or order contained in the decision of the presiding hearing examiner, and shall include a statement of reasons or bases for the actions taken of each exception presented.

(Effective September 11, 1974)

Sec. 31-372-31—31-372-39. Reserved

Sec. 31-372-40. Motion for summary decision

(a) Any party may, at least 20 days before the date fixed for any hearing under Section 31-372-20 through 31-372-30, move with or without supporting affidavits for a summary decision in his favor of all or any part of the proceeding. Any other party may, within ten

days after service of the motion, serve opposing affidavits or countermove for summary decision. The presiding hearing examiner may, in his discretion, set the matter for argument and call for the submission of briefs.

(b) The filing of any documents under paragraph (a) of this section, shall be with the hearing examiner, and copies of any such documents shall be served in accordance with Section 31-372-21.

(c) The hearing examiner may grant such motion if the pleadings, affidavits, material obtained by discovery or otherwise obtained, or matters officially noticed show that there is no genuine issue as to any material fact and that a party is entitled to summary decision. The hearing examiner may deny such motion whenever the moving party denies access to information by means of discovery to a party opposing the motion.

(d) Affidavits shall set forth such facts as would be admissible in evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein. When a motion for summary decision is made and supported as provided in this section, a party opposing the motion may not rest upon the mere allegations or denials of his pleading; his response must set forth specific facts showing that there is a genuine issue of fact for the hearing.

(e) Should it appear from the affidavits of a party opposing the motion that he cannot for reasons stated present by affidavit facts essential to justify his opposition, the hearing examiner may deny the motion for summary decision or may order a continuance to permit affidavits to be obtained or discovery to be had or may make such other order as is just.

(f) The denial of all or any part of a motion for summary decision by the hearing examiner shall not be subject to interlocutory appeal to the Commissioner unless the hearing examiner certifies in writing (1) that the ruling involves an important question of law or policy as to which there is substantial ground for difference of opinion, and (2) that an immediate appeal from the ruling may materially advance the ultimate termination of the proceeding. The allowance of such an interlocutory appeal shall not stay the proceeding before the hearing examiner unless the Commissioner shall so order.

(Effective September 11, 1974)

Sec. 31-372-41. Summary decision

(a) (1) Where no genuine issue of a material fact is found to have been raised, the hearing examiner may issue an initial decision to become final twenty days after service thereof, unless, within such period of time any party has filed written exception to the decision. If any timely exception is filed, the hearing examiner shall fix a time for filing any objections to the exception and any supporting reasons.

Thereafter, the Commissioner, after consideration of the exceptions and any supporting briefs filed therewith and of any objections to the exceptions and any supporting reasons, may issue a final decision.

(2) An initial decision and a final decision made under this paragraph shall include a statement of:

(i) Findings and conclusions, and the reasons or bases therefor, on all issues presented; and

(ii) The terms and conditions of the rule or order made.

(3) A copy of an initial decision and a final decision under this paragraph shall be served on each party.

(b) Where a genuine material question of fact is raised, the hearing examiner shall, and in any other case he may, set the case for an evidentiary hearing in accordance with Sections 31-372-20 through 31-372-30.

(Effective September 11, 1974)

Sec. 31-372-42—31-372-49. Reserved

Sec. 31-372-50. Effect of appeal of a hearing examiner's decision

A hearing examiner's decision under this part shall not be operative pending a decision on appeal by the Commissioner.

(Effective September 11, 1974)

Sec. 31-372-51. Finality for purposes of judicial review

Only a decision by the Commissioner shall be deemed final agency action for purposes of judicial review. A decision by a hearing examiner which becomes final for lack of appeal is not deemed final agency action.
