

Sec. 31-60-11. Hours worked

(a) For the purpose of this regulation, hours worked include all time during which an employee is required by the employer to be on the employer's premises or to be on duty, or to be at the prescribed work place, and all time during which an employee is employed or permitted to work, whether or not required to do so, provided time allowed for meals shall be excluded unless the employee is required or permitted to work. Such time includes, but shall not be limited to, the time when an employee is required to wait on the premises while no work is provided by the employer. Working time in every instance shall be computed to the nearest unit of fifteen minutes.

(b) All time during which an employee is required to be on call for emergency service at a location designated by the employer shall be considered to be working time and shall be paid for as such, whether or not the employee is actually called upon to work.

(c) When an employee is subject to call for emergency service but is not required to be at a location designated by the employer but is simply required to keep the employer informed as to the location at which he may be contacted, or when an employee is not specifically required by his employer to be subject to call but is contacted by his employer or on the employers authorization directly or indirectly and assigned to duty, working time shall begin when the employee is notified of his assignment and shall end when the employee has completed his assignment.
