

Sec. 20-368-12a. Seal

(a) Each person granted a license shall purchase and use a seal, the design, arrangement, size, and wording of which shall conform to that indicated in the figure below, including the name and license number of the licensee. The seal impression may be made on hardcopy documents by a stamping or embossing device, provided the impression shall be clear and legible, or on electronic documents by use of a computer-generated representation of the seal.

(b) Facsimile of seal:

(c) Seals may be purchased and used by a person granted a license only after receipt of the license number from the board.
