

Sec. 20-196-11. Housekeeping

(a) Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to promote their good health. Premises shall remain free of accumulations of trash.

(b) **Pest control.** An effective program for the control of insects, ectoparasites and avian and mammalian pests, shall be established and maintained.

(Effective March 14, 1974)
