Sec. 10-145d-400b. Code of professional responsibility for school administrators

(a) Preamble

This code of professional responsibility for school administrators reaffirms and codifies the principles and standards that have guided the school administrator profession over the years. The principles set forth in this code are intended to guide the conduct and assist in the appraisal of conduct for the members of the profession and the public they serve. The code cannot, and does not address every situation in which choices and decisions must be made. The code recognizes the ability of the members of the profession to make administrative decisions that are in the best interest of the students and all individuals associated with the school district in which the members serve.

The code adheres to the fundamental belief that the student is the foremost reason for the existence of the profession. Administrators must focus the energies of schools on student learning above all else. In addition, the code recognizes the administrators' responsibility to the public, their colleagues and all staff members to foster high standards for professional educators, provide leadership, encourage diversity in curriculum and staff, and promote a quality educational program. By setting forth a code of professional responsibility for school administrators separate from the code applicable to teachers, there is a recognition of the similar but different responsibilities that the two groups have to the students they serve. Both codes seek to codify standards for the education profession to promote a quality system of education for the students in our state. The additional responsibility an administrator accepts in the performance of his or her duties is reflected in this code.

places. Any such request shall be filed with the Commissioner.

(d) **Investigation.** If, in the opinion of the Commissioner, the request to revoke does contain factual information in reasonable detail sufficient to commence an investigation, the Commissioner shall cause an investigation to be made. Investigatory subpoenas may be issued.

Based upon the results of the investigation, the Commissioner shall make a determination as to whether there is probable cause to institute revocation proceedings.

(f) **Finding of probable cause.** If, after reviewing the results of the investigation, the Commissioner finds that in his judgment probable cause does exist for the institution of revocation procedures, the Commissioner shall send, by registered mail, notice of such finding to the certificate holder. Such notice, in the form of an administrative complaint, shall contain the grounds upon which revocation procedures have been instituted.

The Commissioner also shall notify the certificate holder, in writing, that within 15 days after receipt of the notice, the certificate holder may either:

(2) Request, in writing, a hearing.

(g) **Provision for hearing.** If there is no surrender of certificate and waiver of hearing or, if no request for a hearing is made by the certificate holder within the time period contained in subsection (f) of this section, the Board, on its own motion, made not later than 90 days following the expiration of the aforesaid 15 days, may order a hearing be held or order the Commissioner to file a written report with the Board. Not less than 14 days notice of such hearing shall be given. Said notice period may be mutually waived by the Commissioner and the certificate holder.

(h) **Hearing procedure.** At the discretion of the Board, the hearing shall be conducted before the Board, a subcommittee of the Board or an impartial hearing officer appointed by the Board. The hearing shall be open to the public.

The Rules of Practice of the Board, Sections 10-4-11 through 10-4-19 of the Regulations of Connecticut State Agencies, as may be amended from time to time, govern the conduct of the hearing, except that if there is a conflict between the provisions of this Section and those Rules, the provisions of this Section prevail.

(i) **Decision by the Board.** Unless the Commissioner and the certificate holder mutually agree to an extension, within 60 days after the closing of the record of the hearing, the subcommittee of the Board or the hearing officer shall submit a proposed final decision. The Board, within 90 days after the closing of the record of the hearing, or after the filing of the proposed final decision of a subcommittee of the Board or hearing officer or the written report of the Commissioner, if no hearing is held, shall determine by a recorded roll-call vote whether the certificate of the holder shall be revoked.

An affirmative vote of a majority of the Board, present and voting, shall be necessary for revocation. Each member of the Board who votes shall certify either to attendance at the hearing or to having read the proposed final decision of the subcommittee or hearing officer or the report of the Commissioner. The members of the Board shall have available for review any brief filed or documentary evidence introduced at the hearing.

At the meeting during which the revocation matter is to be decided and prior to voting on revocation, the Board, if it has not heard the matter en banc, shall provide the Commissioner and the certificate holder with the opportunity to make an oral statement regarding the proposed final decision or the report of the Commissioner, if no hearing was held. The Board may limit the length of the statement. The Board shall not provide for the introduction of any evidence during the statements.

The Board shall state in a written opinion the reasons for its action and shall base its determination on evidence adduced at the hearing or, if no hearing is held, upon the written report of the Commissioner. (b) Within 15 days of receipt of the commissioner's notification, the former certificate holder may file a request for reinstatement with the board, requesting the board reconsider the revocation. A request for reinstatement shall include the name of the former certificate holder, a detailed explanation of why the former certificate holder believes the board should reinstate the certificate previously held and any other pertinent information which would be useful to the board. A copy of the request for reinstatement shall also be filed with the commissioner.

(c) Within 15 days after receipt of the request for reinstatement, the Commissioner shall file with the board a statement in support of or opposition to the reinstatement. A copy of the statement shall be provided to the former certificate holder by the commissioner.

(d) The board shall review the request for reinstatement and the Commissioner's statement and make a determination, within 90 days of receipt of the commissioner's statement, as to whether to reinstate the certificate. In determining whether to reinstate the certificate of the former certificate holder the board shall consider, if appropriate: the nature of the crime; the exemplary status of a certificate holder; the crime and its relationship to the education profession; the effect the crime has on the public health, safety and welfare; and whether, in the opinion of the board, reinstatement impairs the standing of other certificates issued by the board.

Sec. 10-145d-613. Revocation of permits and authorizations

(a) Causes.

Any permit issued by the Board may be revoked by the Board in accordance with procedures hereinafter established if the Board finds that one or more of the following just causes exist:

(1) The holder of the permit, hereinafter called "the holder," obtained the permit through fraud or the misrepresentation of a material fact;

(2) The holder has persistently neglected to perform the duties for which the permit was granted;

(3) The holder is professionally unfit to perform the duties for which the permit was granted;

(4) The holder is convicted in a court of law of a crime involving moral turpitude or of any other crime of such nature that, in the opinion of the Board, continued possessing of a permit would impair the standing of permits issued by the Board; or

(5) Other due and sufficient cause, which includes but is not limited to failure to successfully complete the BEST assessment.

(b) Request for revocation.

A request for revocation of a permit may be made by a board of education or by a superintendent of schools, or by any person or persons with a legitimate interest, hereinafter called "the requesting party." Such request shall be in writing, signed and acknowledged and shall state in reasonable detail, including relevant names of persons, dates and places,

the grounds upon which revocation is requested. Any such request shall be filed with the Commissioner.

(c) Preliminary inquiry.

Procedures directed toward the revocation of a permit may be instituted by the Commissioner, only after the Commissioner has made or causes to be made a preliminary inquiry to determine whether probable cause exists for instituting revocation procedures. If the Commissioner, as a result of such inquiry, finds that probable cause does not exist for the instituting of revocation procedures, the Commissioner shall so notify the holder and the requesting party.

(d) Notice to holder of certificate.

If the Commissioner, as a result of an inquiry, finds that in the Commissioner's judgment probable cause does exist for instituting revocation procedures, the Commissioner shall forthwith send by registered mail to the holder notice that procedures directed toward the revocation of the holder's permit are to be instituted. Such notice shall contain a statement of the grounds upon which revocation procedures have been instituted and shall contain the name and address of the requesting party. Such notice shall contain further a statement in writing that the holder may, within 15 days after receiving the notice, either:

(1) Surrender the permit to the Commissioner and thereby terminate the right to serve in a position requiring such permit, and state in writing that the holder waives the right to a hearing as provided in this section; or

(2) Request in writing a hearing before the Board. Copies of such request shall be sent by the Commissioner to the requesting party and to any other appropriate person or persons as determined by the Commissioner.

(e) Provision of hearings.

If no request for a hearing is made by the holder, the Board may, on its own motion made not later than 31 days after the expiration of the aforesaid 15 days' notice period, order a hearing to be held or order the Commissioner to make or cause to be made an investigation of the matters set forth in the notice and file a written report thereon with the Board at a meeting of the Board not more than 60 days following the expiration of the aforesaid 15 days' notice period. If a hearing is requested by the holder or if the Board orders a hearing on its own motion, such hearing shall be held not later than 60 days following such request or such order by the Board unless the parties mutually agree to an extension. Not less than 21 days' notice of such hearing shall be given to the holder and to the requesting party. Said notice period may be mutually waived by the parties.

(f) Hearing procedure.

The hearing shall be conducted before the Board, a subcommittee of the Board, or at the discretion of the Board, before an impartial hearing officer. The hearing shall be public. The Commissioner shall represent the interests of the State Department of Education. A verbatim transcript of the hearing shall be made and shall be supplied to all members of the Board, to the holder, and to the Commissioner. Both the holder and the Commissioner shall have the right to examine the record of any prior investigations and proceedings in the case,

to be heard in each other's presence, to be present throughout the hearing and to be represented by counsel who shall be given reasonable opportunity to call witnesses, to cross-examine adverse witnesses, to present oral argument, and within 31 days following the hearing, to file briefs.

(g) Decision by the Board.

Within 60 days, unless the parties mutually agree to an extension after the closing of the record of the hearing, the subcommittee of the Board or the hearing officer shall submit written findings and a recommendation. The Board, within 90 days after the closing of the record of the hearing, or after the filing of the findings and recommendation of a subcommittee of the Board or hearing officer or the written report of the Commissioner, if no hearing is held, shall determine by a recorded roll-call vote whether the permit of the holder shall be revoked; an affirmative vote of a majority of the Board shall be necessary for revocation. Each member of the Board who votes shall certify either to attendance at the hearing or to having read the transcript of the hearing, or having read the written report of the subcommittee, hearing officer or the Commissioner, if no hearing has been held. The Board shall state in a written opinion the reasons for its action and shall base its determination on evidence adduced at the hearing or, if no hearing is held, upon the written report of the Commissioner. Notice of the action of the Board, together with its written opinion supporting its action, shall be promptly furnished to all parties to the proceedings.
