

PR 2021-038 NOTICE OF DETERMINATION DISTRIBUTION LISTS

The following 58 individuals registered for the public hearing conducted via Zoom conferencing software held on March 16, 2022. Less than 50% of these individuals logged on and attended the hearing and only four spoke at the hearing. DEEP recognizes that it is likely that technical difficulties may have hindered some individuals from actually attending the hearing, therefore DEEP has assumed that all individuals who registered have expressed an interest (or would have) in or would have requested receiving notice of further actions concerning the proposed regulations.
