**Statement of Purpose**
The proposed regulation reflects statutory changes to the Administrative “Per Se” procedures that have occurred in recent years, particularly as a result of Public Act 2009-187 and Public Act 2014-228. The regulations have been updated to reflect the General Assembly’s actions in the following ways:

1. Establishes the requirement that an operator install an ignition interlock device (IID) as a condition of restoration of his or her operator’s license or privilege to operate a motor vehicle after serving a suspension. The length of the suspension and the IID requirement are detailed in the statute and in the suspension notice from the department;

2. Allows law enforcement personnel to electronically submit to the Department of Motor Vehicles the information contained in the A-44 “Operating Under the Influence” Form as an alternative to mailing a hard copy;

3. Clarifies the provisions relating to administrative “per se” hearing continuances;

4. Requires the service of a subpoena to provide at least seventy-two (72) hours’ notice when summoning a police officer to appear at an administrative “per se” hearing; and

5. Eliminates a requirement that an operator automatically prevail in a hearing under this section in the event that the commissioner has not rendered a decision within thirty (30) days from the date of arrest.

The proposed regulation has also been amended throughout for grammar, gender neutrality and clarity.
