

Sec. 21a-58-26. Quiescently frozen confection: identity; label statement

(a) **Description.** Quiescently frozen confection means the frozen product made from sweetening agents, harmless natural or artificial flavoring, water, and it may contain milk solids, harmless coloring, organic acids, and any safe and suitable functional ingredient approved by the Department. The finished product shall contain not less than 17 per cent by weight of total food solids.

(b) The name of the food is “quiescently frozen confection.” In the manufacture of this product, freezing has not been accomplished by stirring or agitation. In the production of this quiescently frozen confection, no processing or mixing prior to quiescent freezing shall be used that develops in the finished confection mix any physical expansion in excess of 10 per cent.

(c) This confection must be manufactured in the form of servings, individually packaged, bagged or otherwise wrapped, properly labeled and purveyed to the consumer in its original factory-filled package. The individually wrapped confection need not be labeled if it is contained in a multiple package which is properly labeled and is purveyed unopened to the consumer. In addition to all other required information, the label shall contain a complete list of ingredients in accordance with the provisions of 21 CFR 101.4, and comply with the provisions of subdivisions (h) & (i) of 21 CFR 101.22.

(Effective July 27, 1984)
